

## Explanatory Essay Outline

Step 1: Read the prompt **FIRST**.

Step 2: How many things is it asking you to write about?

\* If it's only 1, you will have 2 body paragraphs for that. If it's asking you to do more than one thing, you will have a body paragraph for each thing it's asking you to do.

Step 3: Read passage and look for evidence of what the prompt is asking you to do.

### Introduction:

- Hook the reader to get their attention. (Question, interesting/funny quote, fact about what your topic is)
- Give background info on the topic you're covering (Who/What is it? Pretend the reader has no clue what you're talking about.)
- Respond to the prompt (without saying why). Example: "Contact sports can have detrimental physical effects on the young children that play them." Or "The family's move to Arizona impacts the father's mindset in a variety of ways throughout the novel."

### Body Paragraphs:

- I-Introduce: (Transition word.) Introduce your reason to your claim.  
Example: First of all, after the move, the father begins to show signs of severe anxiety.
- C-Cite your evidence. Give a quote from the text to support your answer. (Put the quote in quotations and put the author's name in parenthesis at the end.)  
Example: For example, on page 4 it states, "Father paced up and down the floor and began to stutter uncontrollably" (Ingram).
- E- Explain. What does your evidence prove/show/explain?  
Example: This quote shows just how much father's mental state has deteriorated since their move to Arizona.

### Conclusion:

- Sum up your essay without citing any new evidence. (2-3 sentences)
  - \* Avoid using baby transitions if at all possible. Use strong transitions \*
  - \* Do not use I or you statements like "this essay will be about" or "I am going to tell you about"
