Automated Essay Scoring Mark D. Shermis,Jill C. Burstein,2003-01-30 This new

volume is the first to focus entirely on automated essay scoring and evaluation. It is intended to provide a comprehensive overview of the evolution and state of the art of automated essay scoring and evaluation technology across several disciplines including education, testing and measurement, cognitive science, computer science and computational linguistics. The development of this technology has led to many questions and concerns. Automated Essay Scoring attempts to address some of these questions including: How can automated scoring and evaluation supplement classroom instruction? How does the technology actually work? Can it improve students' writing? How reliable is the technology? How can these computing methods be used to develop evaluation tools? What are the state of the art essay evaluation technologies and automated scoring systems? Divided into four parts, the first part reviews the teaching of writing and how computers can contribute to it. Part II analyzes actual automated essay scorers including e-rater™, Intellimetric and the Intelligent Essay Assessor. The third part analyzes related psychometric issues and the final part reviews innovations in the field. This book is ideal for researchers and advanced students interested in automated essay scoring from the fields of testing and measurement, education, cognitive science, language and computational linguistics.
