Governance of Intellectual Property Rights in China and Europe Nari Lee, Niklas Bruun,Mingde Li,2016-01-29 Intellectual property IP law has been widely discussed in recent scholarship though many recent works explore the topic from a largely descriptive perspective This book provides an analytical and comparative study of Chinese and European IP law as well as an analysis of system reforms in China The book highlights in three parts intellectual property for innovation and creativity in China comparing concepts and norms in Chinese and European IP law and governance of practices and IP enforcement Demonstrating that the governance of IP rights requires the adoption of a set of norms the contributors also argue that success is dependent on a transformation of the perspectives and implementation Students and scholars of IP law and Chinese IP law in particular will find this book to be a valuable resource to their work It will also be of interest to IP practitioners looking for an insight into system reforms in China

**Validating Technological Innovation** David Coniam,Peter Falvey,2016-04-02 This book discusses Hong Kong s use of onscreen marking OSM in public examinations Given that Hong Kong leads the way in OSM innovation this book has arisen from a recognised need to provide a comprehensive coherent account of the findings of various separate but linked validation studies of onscreen public examinations in Hong Kong The authors discuss their experience of the validation process demonstrating how high stakes innovation should be fully validated by a series of research studies in order to satisfy key stakeholders

Marked Moments LATTICE BOYKIN MCKOY,2012-08-22 Marked Moments is a poetry collection focused on individuals who have facilitated historic change These figures are often considered heroic because their attitudes abilities and desires have allowed them to serve as agents of transformation Included in this collection are poems about individuals who are famous and admired for their remarkable thoughts opinions and actions Among these individuals are presidents of

the United States dating back as far as Abraham Lincoln and several of the country's first ladies as well as Bill Gates, Lucille Ball, Muhammad Ali, Nelson Mandela, and many others who are admired all over the world. Lattice Boykin Mckoy uses her poetic license to depict some of the performances, pursuits, thoughts, and moments of glory of these important figures. With these poems, Mckoy develops her own observations and interpretations of these individuals and their actions, which have changed the course of history and will forever live in our memories.

*Built to Thrive: Using Innovation to Make Your Mark in a Connected World* Jay van Zyl, 2011-11-12 Built to Thrive is about unpacking the drivers that I have noticed in the landscape that do not yet have a place in our existing vocabulary. It is about ceasing to ignore the signs and beginning to embrace the changes that are becoming more tangible with every day that passes. It is about recognizing the amplified importance of the human as a social being in this dawning age of transparency and systemic activity. The individual becomes the collective as we move into a sphere of shared value creation, ideation, and knowledge dissemination. Existing in this new business landscape is not about eliminating the competition but rather working together in a bid to share resources and expand far beyond what we could ever hope to achieve as individual organizations. Through Built to Thrive, I hope to open your mind and introduce you to a way of thinking that will fundamentally shift your views and may provide a lifeline in a world where the new school will rule.

*Proceedings of the 2nd International Conference on the Use of iPads in Higher Education* Benjamin F. Baab, John Bansavich, 2016-12-14 With the widespread implementation of tablet computers in Higher Education (HE), this book will be of interest to academics from a variety of disciplines and to learning technologists who are considering the use of iPads for teaching and learning or have an interest in mobile learning in general. The proceedings from the 2nd International Conference on the Use of iPads in Higher Education (iHE2016) cover articles in the following areas: health education, environmental management, fieldwork, medical education, law, teacher training, and education design; academic technologies, online assessments, and professional development. The contributors here use a wide variety of research methodologies to investigate the use of iPads in HE, including surveys, questionnaires, focus groups, long-term studies, qualitative methods, pilot projects, multimodal approaches, observations, technology implementation, models, action research, case studies, ethnographic approaches, field studies, content analysis, and mixed methods.

*The Columbus Affair: A Novel (with bonus short story The Admiral's Mark)* Steve Berry, 2012-05-15 A family's secret, a ruthless fanatic, and a covert arm of the American government are all linked by a single, puzzling possibility: What if everything we know about the discovery of America was a lie? What if that lie was designed to hide the secret of why Columbus sailed in 1492? And what if that 500-year-old secret could violently reshape the modern political world? Pulitzer Prize-winning investigative journalist Tom Sagan has written hard-hitting articles from hot spots around the world. But when one of his stories from the Middle East is exposed as a fraud, his professional reputation crashes and burns. Now he lives in virtual exile, haunted by bad decisions and a shocking truth he can never prove: that his downfall was a deliberate act of sabotage by an unknown enemy. But before Sagan can end

his torment with the squeeze of a trigger fate intervenes in the form of an enigmatic stranger This stranger forces Sagan to act and his actions attract the attention of the Magellan Billet a top secret corps of the United States Justice Department that deals with America s most sensitive investigations Sagan suddenly finds himself caught in an international incident the repercussions of which will shudder not only Washington D C but also Jerusalem Coaxed into a deadly cat and mouse game unsure who s friend and who s foe Sagan is forced to Vienna Prague then finally into the Blue Mountains of Jamaica where his survival hinges on his rewriting everything we know about Christopher Columbus Don t miss Steve Berry s short story The Admiral s Mark in the back of the book

**iPad and iPad Pro For Dummies** Edward C. Baig, Bob LeVitus, Bryan Chaffin, 2020-07-14 The A to Z guide to getting the most from your iPad Your iPad is a magical piece of technology connecting you to the rest of the world pretty much anytime and anywhere Super thin and well almost light as a feather it allows you to keep up with your day to day duties stay in touch with family and friends catch up with work relax with books and movies or even create your own works of art Given all it s capable of it s essential to have a guide to help you make the most of your device The latest edition of iPad and iPad Pro for Dummies helps users of all experience levels navigate this amazing looking glass Assuming no prior knowledge it takes you from the basics including getting to know the iPad and adding useful accessories such as keyboards and pencils to setting up email connecting with other devices maintaining files and researching and installing the best apps for you Discover the simple steps to get up and running Make your iPad work better and faster for you Explore the features of the brand new iPadOS Get easy fixes to common problems Pick up your copy today and find out just how sweet life in Apple tablet form can be

Opening Government John Wanna, Sam Vincent, 2018-04-23 Transparency and citizen engagement remain essential to good government and sound public policy Indeed they may well be the key to restoring trust in government itself currently at an all time low in Australia It is ironic then that this has occurred at a time when the technological potential for information dissemination and interaction has never been greater Opening Government Transparency and Engagement in the Information Age explores new horizons and scenarios for better governance in the context of the new information age focusing on the potentials and pitfalls for governments and governance more broadly operating in the new information rich environment Its contributors a range of international and Australian governance academics and practitioners ask what are the challenges to our governing traditions and practices in the new information age and where can better outcomes be expected using future technologies They explore the fundamental ambiguities extant in opening up government with governments intending to become far more transparent in providing information and in information sharing but also more motivated to engage with other data sources data systems and social technologies
