

## **DEDICATION**

As well as everything that I do, I would be honor to dedicate this Compilation to my parents. The two person that gave the tools and values necessary to be where I am standing today. My parents support me on every step I make, and decision I take; but is necessary to understand that they let me take my decisions alone in order for me to learn from my personal mistake and as my father says to “learn and grow from each seatback”. I will never finish to thank my father and my mother for all the opportunities that they have offer and gave me, for all the teachings that they have told me and for every advise that come out of their mouth. I am so graceful with them for trusting me that I would do a Good job in the university, and letting me come to achieve a higher education.

So that’s why I dedicate this Portfolio to my parents, whom expect my effort on everything that I do, and I think that this Compilation is the perfect image and reflection of my effort and hard work in Reading and Writing Skills. Mama and Papa: I hope that I can make you proud, the same way that I am proud of having both of you as my parents and as the compass of my life!

*A Letter to Anne Frank* Aryan D. Ahire, 2023-06-19 The story of the novella follows the life of Daisy, a young girl who finds solace in writing letters to Anne Frank during the war. Daisy's past is dark, filled with the horrors of war and the loss of loved ones. Through her letters, she seeks comfort and understanding, finding solace in the words of a kindred spirit who lived in equally turbulent times. As Daisy pours her heart out to Anne, the reader is taken on an emotional journey of loss, hope, and resilience. As a writer, I have always been drawn to stories of the human spirit triumphing over adversity. I believe *A Letter to Anne Frank* is a powerful testament to the strength of human nature, and I am confident that it will resonate with readers of all ages.

**Trials and Triumphs- A Teacher's Life Journey** Dr. Dhastgir Sultan Sherif, 2024-01-20 The quote sums up the role of teachers in a student's life. The influence of a teacher extends beyond the four walls of a classroom and plays a significant role in molding and shaping the life of a student. Rather, the teacher-student bond is the foundation stone of building the life of a student. I am lucky to be a teacher who had a great influence on the lives of many medical students. The bond and rapport between the teacher and the student is unique and beyond explanation. I have the privilege of being a teacher for over four decades, having taught a couple of thousand students who now adorn the garden of Medicine. I will just narrate one incident that describes the beauty and greatness of this relationship. When I was teaching in Antigua, I had developed such a relationship that cemented our souls together. At the time of my leaving the medical school at the Airport, one of my students just tried to become one with me, standing on my feet, embracing me and not allowing me to travel. It took a lot of persuasion to take leave of the student, leaving a deep-rooted bonding that defies explanation. This short write-up pictures the journey of my life, traveling through many stations of learning, carrying memories which words cannot capture or portray, for these experiences are embedded deep into the chambers of heart, probably rightly called as the seat of love and emotions.

Work in Progress Sean Alexander Gurd,2011-12-06 Work in Progress offers an in depth study of the role of literary revision in the compositional practices and representational strategies of Roman authors at the end of the republic and the beginning of the principate It focuses on Cicero Horace Quintilian Martial and Pliny the Younger but also offers discussions of Isocrates Plato and Hellenistic poetry The book s central argument is that revision made textuality into a medium of social exchange Revisions were not always made by authors working alone often they were the result of conversations between an author and friends or literary contacts and these conversations exemplified a commitment to collective debate and active collaboration Revision was thus much more than an unavoidable element in literary genesis it was one way in which authorship became a form of social agency Consequently when we think about revision for authors of the late republic and early empire we should not think solely of painstaking attendance to craft aimed exclusively at the perfection of a literary work Nor should we think of the resulting texts as closed and invariant statements sent from an author to his reader So long as an author was still willing to revise his text served as a temporary platform around and in which a community came into being The theories of revision that guide the author s study come from the new genetic criticism that has been successfully applied especially in Europe to modern authors While many of the tools of analysis applicable to modern authors author written manuscripts

corrected proofs etc are not available for ancient authors Sean Gurd has amassed a surprising number of passages in ancient texts about revision its importance to the author and the circle of critics involved in the process of rewriting The Design, Implementation, and Assessment of a Three Year Research Program at the High School Level Andrew John Moore,2007
