Fallen Land Patrick Flanery:

Fallen Land Patrick Flanery, 2015-01-01 From the author of the critically acclaimed Absolution an astonishing nail biting story powered by a fierce anger at the utter failure of the American dream and the greatest fears that lurk in every one of us Poplar Farm has been in Louise's family for generations inherited by her sharecropping forebear from a white landowner after a lynching Now the farm has been carved up the trees torn down a mini massacre replicating the destruction of lives and societies taking place all over America Architect of this destruction is Paul Krovik a property developer soon driven insane by the failure of his dream Julia and Nathaniel arrive from Boston with their son Copley and buy up Paul's signature home in a foreclosure sale They move into the half finished subdivision and settle in to their brave new world Yet violence lies just beneath the surface of this land and simmers deep within Nathaniel The great trees bear witness Louise lives on in her beleaguered farmhouse and as reality shifts and the edges of what is right and wrong blur and are lost Copley becomes convinced that someone is living in the house with them

Contested Terrain Keith Wilhite, 2022-12 Drawing on a body of literature published between 1945 and 2016 Contested Terrain proposes a more expansive treatment of suburban fiction as a discourse that operates within national and transnational geographies Wilhite argues that the suburbs and suburban narratives reflect the latest perhaps final outpost in the tradition of U S regionalism Although he may be accused of simply substituting one outmoded methodology for another such a critique depends on misreading regionalism as either a sub literary genre or as Roberto Dainotto suggests a pernicious political ideology that opposes modernity and suppresses difference in the naive pursuit of grounded rooted natural authentic values shared by a true community In opposition to such withering appraisals Contested Terrain demonstrates that as both a literary discourse and a mode of geopolitical analysis regionalism clarifies the fraught relationship between isolationism and imperialism that has shaped U S residential geography and in turn helps us rethink the role literary texts play in the postwar project of suburban nation building
