

iPendant™

FANUC
Robotics

Basic Description

The ergonomically designed iPendant is the next generation in user interface technology from FANUC Robotics America. The Internet-ready iPendant allows users to browse the information available on the Internet/Intranet. Users can also customize robot information displayed on the iPendant.

The intuitive multi-window color graphic interface on the iPendant makes FANUC robots easier to use than ever before. It provides integrated help and diagnostic functions as well as personalized robot and process data allowing instant access to critical information right on the teach pendant.

Key Features

- Ergonomically-designed color pendant
- Intuitive multi-window display and fly-out menus
- Multiple program editing
- Integrated help and diagnostics
- PMC ladder logic monitoring and editing (optional)
- User-customizable interface
- Internet-enabled embedded web browser (optional)
- Touch screen support (optional)

Features/Benefits

- iPendant button layout, menus and screens are similar in look and feel, making it interchangeable with previous generation teach pendants.

- The iPendant uses color highlighting, fly-out menus and a split-screen display to make important information easier to find. This virtually eliminates any additional training time required for users familiar with other FANUC Robotics products.
- A simple-to-use navigation system provides all the choices on a single screen for fast menu navigation.
- Integrated help and diagnostics provide instant help to recover from production interruptions.
- Online help menus are available for every iPendant function. These are an optimized version of the information that is available in the standard robot documentation set.
- Online cause and remedy information is available for each robot alarm. Users can simply press the DIAG key when an alarm is active and the cause and remedy information for the alarm is displayed, providing instant information on what caused the alarm and how to correct it.
- With touch screen support for iPendant (optional), the user will be able to select items on any of the system menus and custom screens simply by touching the screen.
- The optional iPendant version of the DRC (Diagnostic Resource Center) provides advanced troubleshooting information as well as subsystem schematics, connector pinouts and machine parameter definitions.
