John Edgar Wideman and Modernity Michel Feith, 2024-01-12 The career of writer John Edgar Wideman has been the sort of success story on which America prides itself Coming from an inner city African American neighborhood he studied

at the Universities of Pennsylvania and Oxford published his first novel at age twenty six won two PEN Faulkner Awards as well as a MacArthur genius grant and has held several top teaching posts But profound tragedy has also marked his life both his brother and son received life sentences for murder and a nephew was killed at home after a bar fight His life thus illustrates how the strictures of race temper American notions of freedom and opportunity Wideman's engagement with race and identity has been nuanced and complex taking the form of what Michel Feith sees as a critical dialogue with modernity a moment in history which gave birth not only to the Enlightenment but also to American slavery and the conundrum of race Feith argues that the key work in the Wideman oeuvre is *The Cattle Killing* 1996 his only historical novel whose threads include the 1793 yellow fever epidemic in Philadelphia the 1856-57 Cattle Killing prophecy which wreaked havoc among the Xhosa tribe of South Africa and the contemporary situation of black ghettos in the United States Unfolding within the early days of the American Republic the novel offers a window through which all of Wideman's works and their central concerns ghettoization imprisonment familial relationships emancipation and the diasporic sense of history can be understood With clarity and theoretical sophistication Feith offers provocative new readings of Wideman's texts from the *Homewood* books based on his youth in Pittsburgh to his haunting memoir *Brothers and Keepers* In the postmodern era Feith suggests critics of modernity are not in short supply but few have the depth rigor and thoughtfulness of John Edgar Wideman

Successful writers know they must add the Writer's Market. You should too. Barbara O'Neal, author of *The All You Can Dream Buffet*, 7-time RITA award winner and RWA Hall of Fame member, says the business of writing is unnecessarily intimidating. Editors want good writing, so why can it be so hard to get published? *Writer's Market* helps make sense of that big question, offering the kind of straight-shooting advice writers need. I bought my first copy over a decade ago and still feel grateful that I was able to send my first submissions without embarrassing myself. *Writer's Market* is an invaluable tool that I find myself recommending again and again. Erica Wright, author of the novel *The Red Chameleon* and poetry collection *Instructions for Killing the Jackal*, as well as Senior Editor for *Guernica Magazine*.
