Reverby, 2012-12-01 Between 1932 and 1972 approximately six hundred African American men in Alabama served as unwitting guinea pigs in what is now considered one of the worst examples of arrogance racism and duplicity in American medical research the Tuskegee syphilis study Told they were being treated for bad blood the nearly four hundred men with late stage syphilis and two hundred disease free men who served as controls were kept away from appropriate treatment and plied instead with placebos nursing visits and the promise of decent burials Despite the publication of more than a dozen reports in respected medical and public health journals the study continued for forty years until extensive media coverage finally brought the experiment to wider public knowledge and forced its end This edited volume gathers articles contemporary newspaper accounts selections from reports and letters reconsiderations of the study by many of its principal actors and works of fiction drama and poetry to tell the Tuskegee story as never before Together these pieces illuminate the ethical issues at play from a remarkable breadth of perspectives and offer an unparalleled look at how the study has been understood over time *The Isis (Yssis) Papers* Frances Cress Welsing, 2004 During the course of the struggle of African people against European racism brutality and domination many innovative thinkers have risen from our ranks The greatest and most courageous scholars have devoted their lives to the pursuit of an explanation for the virtually inherent animosity most white people appear to have toward people of color Unlike her predecessors Dr Frances Cress Welsing a brilliant Washington D C psychiatrist has rejected conventional notions about the origin and perpetuation of racism Dr Welsing's theories lectures and scientific papers have provoked controversy for over twenty years Now the compilation of her work in this book is destined to change the course of history Page 4 of cover

Revolutionaries to Race Leaders Cedric Johnson, The Black Power movement represented a key turning point in American politics Disenchanted by the hollow progress of federal desegregation during the 1960s many black citizens and leaders across the United States demanded meaningful self determination The popular movement they created was marked by a vigorous artistic renaissance militant political action and fierce ideological debate Exploring the major political and intellectual currents from the Black Power era to the present Cedric Johnson reveals how black political life gradually conformed to liberal democratic capitalism and how the movement's most radical aims the rejection of white aesthetic standards redefinition of black identity solidarity with the Third World and anticapitalist revolution were gradually eclipsed by more moderate aspirations Although Black Power activists transformed the face of American government Johnson contends that the evolution of the movement as a form of ethnic politics restricted the struggle for social justice to the world of formal politics Johnson offers a compelling and theoretically sophisticated critique of the rhetoric and strategies that emerged in this period Drawing on extensive archival research he reinterprets the place of key intellectual figures such as Harold Cruse and Amiri Baraka and influential organizations including the African Liberation Support Committee the National Black Political Assembly and the National Black Independent Political Party in postsegregation black politics while at the same time identifying the contradictions of Black Power radicalism itself Documenting the historical retreat from radical democratic struggle Revolutionaries to Race

Leaders ultimately calls for the renewal of popular struggle and class conscious politics Cedric Johnson is assistant professor of political science at Hobart and William Smith Colleges *Nationalism and Youth in Theatre and Performance* Victoria Pettersen Lantz,Angela Sweigart-Gallagher,2014-07-11 Nationalism and Youth in Theatre and Performance explores how children and young people fit into national political theatre and moreover how youth enact interrogative patriotic and or antagonistic performances as they develop their own relationship with nationhood Children are often seen as excluded from public discourse or political action However this idea of exclusion is false both because adults place children at the center of political debates with the rhetoric of future generations and because children actively insert themselves into public discourse Whether performing a national anthem for visiting heads of state creating a school play about a country s birth or marching in protest of a change in public policy young people use theatre and performance as a means of publicly staking a claim in national politics directly engaging with ideas of nationalism around the world This collection explores the issues of how children fit into national discourse on international stages The authors focus on national performances by for with youth and examine a wide range of performances from across the globe from parades and protests to devised and traditional theatre Nationalism and Youth in Theatre and Performance rethinks how national performance is defined and offers previously unexplored historical and theoretical discussions of political youth performance **Evidence of Being** Darius

Bost,2018-12-21 Evidence of Being opens on a grim scene Washington DC s gay black community in the 1980s ravaged by AIDS the crack epidemic and a series of unsolved murders seemingly abandoned by the government and mainstream culture Yet in this darkest of moments a new vision of community and hope managed to emerge Darius Bost s account of the media poetry and performance of this time and place reveals a stunning confluence of activism and the arts In Washington and New York during the 1980s and 90s gay black men banded together using creative expression as a tool to challenge the widespread views that marked them as unworthy of grief They created art that enriched and reimagined their lives in the face of pain and neglect while at the same time forging a path toward bold new modes of existence At once a corrective to the predominantly white male accounts of the AIDS crisis and an openhearted depiction of the possibilities of black gay life Evidence of Being above all insists on the primacy of community over loneliness and hope over despair The New Scapegoats: Colored-On-Black Racism Kwame Okoampa-Ahoofe, Jr.,2005-03-29 The New Scapegoats Colored On Black Racism debunks the widespread and seemingly indelible myth of Africa s blind and facile complicity in the massive uprootment and enslavement of its own in the Americas between the Fifteenth and Nineteenth centuries The author demonstrates the Transatlantic Slave Trade to have been the primary product of Western Europe s industrial revolution Praise for Okoampa Ahoofe s Work Kwame Okoampa Ahoofe s analyses always expand the frontiers of our knowledge He challenges what is taken for granted and in the process pushes us to reflect critically on important issues of the day In his latest work The New Scapegoats Colored On Black Racism Okoampa Ahoofe re visits old assumptions about the Africana

world and takes to task how these tired assumptions are being re cycled as the new paradigm for understanding Africa Karl Botchway political scientist New York City College of Technology of The City University of New York author of *Understanding Development Intervention in Northern Ghana* [The Michael Eric Dyson Reader](#) Michael Eric Dyson,2008-08-05 Over the past ten years the work of Michael Eric Dyson has become the first stop for readers writers and thinkers eager for uncommon wisdom on the racial and political dynamics of contemporary America Whether writing on religion or sexuality or notions of whiteness on Martin Luther King Jr or Tupac Shakur Dyson s keen insight and rhetorical flair continue to surprise and challenge This collection gathers the best of Dyson s growing body of work his most incisive commentary his most stirring passages and his sharpest most probing and broadminded critical analyses From Michael Jordan to Derrida Ralph Ellison to the diplomacy of Colin Powell the mastery and ease with which Dyson tackles just about any subject is without parallel **The Black Muslim Manifesto II** Lukman,2012-05-11 The compilation of a decade of essays and online ideological struggle with members of Lukman s e mail chat group formed the basis for *The Black Muslim Manifesto* From *Inside the Belly of the Beast* The continuation of that process has called *The Black Muslim Manifesto II* A *Luta Continua* into existence Since the publication of the first *Manifesto* Lukman has continued his analysis of the unfolding global dynamic Additionally time has born witness to the accuracy of some of the *Manifesto* s prognostications For example we no longer have to speculate about what Obama will do once he s in the WHITE House Lukman is proud but not happy to say that he was one of the few who was NEVER deceived by the Obama Ploy Lukman felt compelled to rush *A Luta Continua* to print because much of his analysis in *Manifesto II* has already proven to be prescient Events are moving forward at such a rapid pace that many of his predictions have become history Lukman didn t want to be accused of that for which he condemns our rearguard leadership namely Monday Morning Quarterbacking *Sexuality and the Black Church* Douglas, Kelly Brown,2018-09-26 *The Color of Crime* Katheryn Russell-Brown,1999-09 As if crime and race in the US were not volatile enough issues independently there is their explosive interface This is the territory staked out by Russell criminology and criminal justice U of Maryland who probes racial stereotypes some perpetuated by scientific racism the hoaxes they have spawned differing views of police actions by race and affirmative race law A public police contact survey and case summaries of recent racial hoaxes are appended Annotation copyrighted by Book News Inc Portland OR **Holding the Line** George White Jr.,2005-11-04 The rivalry between the United States and the Soviet Union intensified as Dwight D Eisenhower entered the White House However the burning question for the vast majority of the world s population was not whether they would join the Free World or the Soviet bloc but whether they could achieve meaningful self determination Nowhere did the answer to that question loom larger than in Africa The Eisenhower administration s confrontation with Africa demonstrates the significance of race in the creation and execution of American foreign policy In this new work historian George White Jr explores the ways in which Eisenhower diplomacy influenced by America s racialized fantasies fears and desires turned the

Cold War into a global sanctuary for the rehabilitation of Whiteness In turn American statesmen and bureaucrats justified the undermining of democracy and freedom by stuffing the multi faceted realities of African aspirations and Western privileges into the straitjacket of a bi polar worldview Using as its foundation American relations with Ethiopia Ghana South Africa and the Congo Holding the Line demonstrates the power of race to warp perception and to severely limit the parameters and possibilities of human engagement Holding the Line provides a fresh perspective on 1950s era U S foreign relations that remain salient in American diplomacy today This is a book that will be of interest to students of American diplomatic history Critical Race and Whiteness studies American studies and international relations Wounds of the Spirit Traci C. West,1999-03 West a professor of ethics and African American studies at Drew University and a United Methodist clergyperson employs first person accounts from slave narratives to contemporary interviews to Tina Turner s autobiography to document a historical legacy of violence against black women in the US She confronts the ways that racism and sexism can intensify black women s anguish in the wake of intimate assault situating spiritual matters within a discussion of the psychosocial impact of violence against women Annotation copyrighted by Book News Inc Portland OR The Color Complex Kathy Russell,Kathy Russell-Cole,Midge Wilson,Ronald E. Hall,1993 Presents a powerful argument backed by historical fact and anecdotal evidence that color prejudice remains a devastating divide within black America
