The various approaches employed reveal what it is to be an individual yoked by the idea of citizenship and challenge the ways that we have traditionally been taught to think of the individual as citizen. As such, it will appeal to scholars with interests in social theory, philosophy, literature, cultural studies, architecture, and feminist thought whose work intersects with political thought, utopian theorizing, or the study of humanity or human nature. **National Mall Plan**, 2010 Final FRCR Part a Modules 4-6 Single Best Answer MCQS Robin Proctor, 2009. Stuart Macintyre was an eminent figure within the world of Australian history scholarship for 45 years. This collection of essays and responses revisits and extends this extraordinary life of achievement and engagement. Leading scholars write here of Macintyre's contribution to understanding radicalism and communism, postwar reconstruction, education, and civics, universities, liberalism, historiography, and the history wars. They also tell us about collegiality and friendship. The practice of history writing and telling has long been central to the narrative of the nation in Australia. The Work of History connects us to that past. It raises the question of what comes next and re-values

Macintyre's contribution serving both as a snapshot of the state of the historian's art and an introduction to those who come more recently to this highly contested field
