came from looking back trying to understand what happened how it happened That has informed and shaped my perspective
on many topics I worked hard on the quest for certainty the wisdom of uncertainty the practice of humility the art of living
with paradox and the learning of compassion As I wrote this book I relied on my inquisitive mind and creativity to take me on
a path of facts and truth finding in my life They became the topics of which I have written about Some texts are a cumulation
of personal information while others are research based providing examples of change in our society and how one can
navigate the momentum of change As I engaged myself in interests that pique my curiosity the focus was on examining my

thoughts and broadening my perspective and awareness of human well being I found that writing on these various themes was humbling and generated a sense of optimism in myself of quest for wisdom in the extraordinary time we are in I hope the reading material is inspirational at many levels including personal collective and global I believe more and more in the well deserved rewards of aging
