Music Fundamentals Sumy Takesue, 2017-09-22 Music Fundamentals A Balanced Approach

Third Edition combines a textbook and integrated workbook with an interactive website for those who want to learn the basics of reading music. Intended for students with little or no prior knowledge of music theory, it offers a patient approach to understanding and mastering the building blocks of musical practice and structure. Musical examples range from Elvis Presley songs to Filipino ballads to Beethoven symphonies, offering a balanced mixture of global, classical, and popular music. The new edition includes additional vocabulary features and review exercises, additional musical selections, and 1, 2, or 3 hand rhythmic exercises. The addition of guitar tablature, a revised text design that more clearly designates the different types of exercises, and makes the Workbook pages easier to write on. An improved companion website with added mobile functionality. The author's balanced approach to beginning music theory engages student interest while demonstrating how music theory concepts apply not only to the Western classical canon but also to popular and world music. With the beginner student in mind, *Music Fundamentals: A Balanced Approach, Third Edition* is a comprehensive text for understanding the foundations of music theory.
