Classics in IR** Galina Kupriyeva, 2022-12-22 Short reviews which are integral part of the book set in timeline order starting from the earliest I dedicated this book for those readers who has never been engaged in politics or IR who has no expert view but who would rather know opinions about the history of IR from scholars and experts It is my contribution to

help to understand IR and Global Politics as a whole Thanks to KIMEP University for organization and support of MIR Program without which the book could not exist **Global Politics** Roni Kay M. O'Dell, Sasha Breger Bush, 2020-12-30 Global Politics A Toolkit for Learners is an innovative and exciting new learner centered approach to the study of international relations Leveraging decades of in class teaching and learning experiences authors Roni Kay M O Dell and Sasha Breger Bush have developed evidence based teaching and learning practices which support a scaffolded skills oriented approach Each chapter introduces historical documents from key political events important concepts and the techniques learners need to independently and actively engage with primary sources Readers are encouraged to develop a personal connection with global issues to consider matters of justice freedom and equality and to think critically about possibilities for social transformation in the global arena **Gustavus v Wallenstein** John Pike, 2025-11-04 offers an interesting insight on his the author s two protagonists namely their differing experience of conflict in Eastern Europe The Journal of Military History The conflict personal rivalry and contrast in personality generalship and command between the two iconic commanders in the Thirty Years War King Gustavus Adolphus of Sweden for the Protestant powers and Albrecht von Wallenstein Duke of Friedland More than just commanders at the tactical level they were statesmen military organizers and strategists on a continental scale Both commanders represented the 17th century military revolution in action The writing is vivid graphic and detailed without overloading and readers can feel involved in the action from strategic planning to battlefield tactics and even the melee Both generals are titanic figures come and their respective deaths Gustavus heroically in battle and Wallenstein murdered with the Emperor s compliance were dramatic highpoints in the long war This is no hagiography and the author analyses the contrasting reputations of two of the greatest military figures in modern history and analyses mistakes as well their triumphs Both commanders understanding of the role of the modern state and finance as vital factors in the military revolution and modern warfare A major contrast was Gustavus s constant search for the tactical and strategic initiative compared to Wallenstein s caution and patience and development of counter punch defensive tactics Exceptional for the period a young warrior like an Alexander Gustavus excelled in inspired battlefield leadership even at huge risk Despite his death at Lutzen in 1632 he and his steadfast chancellor Oxenstierna had decisively defeated the Emperor s attempt to subjugate the Empire and introduce the Catholic counter reformation Gustavus contributed hugely to the ending of Habsburg supremacy while advancing new concepts in modern war His death ushered in his acolytes including generals Baner Saxe Weimar and Torstensson Gustavus or Wallenstein the greater of the two The reader must judge but Napoleon included Gustavus in his list of ten greats with Julius Caesar Hannibal Barca and Alexander the Great
