Far Tortuga Peter Matthiessen:

Far Tortuga Peter Matthiessen, 1988-01-12 An adventure story and a deeply considered meditation upon the sea itself Beautiful and original a resonant and symbolical story of nine doomed men who dream of an earthly paradise as the world winds down around them Newsweek *Far Tortuga* Peter Matthiessen, 1976 Far Tortuga Peter Matthiessen, 1989

Far Tortuga Peter Matthiessen, 2012-11 *Peter Matthiessen and Ecological Imagination* Intaek Oh, 2010 Peter Matthiessen and *Ecological Imagination* offers an ecocritical reading of the Watson Trilogy *Killing Mister Watson* 1990 *Lost Man's River* 1997 and *Bone By Bone* 1999 which draws together themes Matthiessen has been exploring both in his fiction and nonfiction While this study argues that his ecological imagination comes from his unique experience as a novelist naturalist environmentalist social activist and a student of Zen it also illustrates that for Matthiessen economic political social racial psychological epistemological and ecological issues are all inseparably interconnected Set in the Everglades frontier in the formative era of American industrial capitalism Matthiessen's novels are his grand attempt to reexamine the root causes of ecological disaster in the region and the costs to the people and the land that accompanied the conquering of the frontier

Sea-Brothers Bert Bender, 2015-11-16 *Sea Brothers* offers the most extensive analysis to date of the sea and its meaning in American literature On the basis of his study of Melville Crane London Hemingway Matthiessen and ten lesser known sea writers Bert Bender argues that the tradition of American sea fiction did not end with the opening of the western frontier and the replacement of sailing ships by steamers Rather he demonstrates its continuity and vitality identifying a central vision within the tradition and showing how particular authors draw from transform and contribute to it What is most distinctive about American sea fiction Bender contends is its visionary often mystical response to the biological world and to man's perceived place in the larger universe When Melville envisioned the sea as the essential element of life indeed as life itself he changed the course of American sea fiction by introducing the relevance of biological thought But his meditations on the whale and the ungraspable phantom of life project a different reality from that envisioned by his successors In American sea fiction after Melville the influence of *Origin of Species* is as powerful as that of *Moby Dick* or the theme of sailing ships being displaced by steam The ideal of brotherhood so central to American sea fiction was severely compromised by the biological reality of a competitive warring nature Twentieth century sea fiction has continued to center on the biological world and address the possibility of democratic brotherhood but the issues were fundamentally changed by Darwin's theories This book will be a valuable source for students and scholars of American literature and will interest readers of sea fiction Shadow Country Peter Matthiessen, 2008 A reworking of the author's trilogy chronicles the legacy of E J Watson a notorious desperado gunned down by his neighbors along the lawless nineteenth century frontier of the Florida Everglades **Lost Man's River** Peter Matthiessen, 2012-08-22 When his novel *Killing Mister Watson* was published in 1990 the reviews were extraordinary It was heralded as a marvel of invention a virtuoso performance The New York Times Book Review and a novel

that stands with the best that our nation has produced as literature Los Angeles Times Book Review Now Peter Matthiessen brings us the second novel in his Watson trilogy a project that has been nearly twenty years in the writing A story of epic scope and ambition *Lost Man's River* confronts the primal relationship between a dangerous father and his desperate sons and the ways in which his death has shaped their lives Lucius Watson is obsessed with learning the truth about his father Who was E J Watson Was he a devoted family man an inspired farmer a man of progress and vision Or was he a cold blooded murderer and amoral opportunist Were his neighbors driven to kill him out of fear Or was it envy And if Watson was a killer should the neighbors fear the obsessed Lucius when he returns to live among them and ask questions The characters in this tale are men and women molded by the harsh elements of the Florida Everglades an isolated breed descendants of renegades and pioneers who have only their grit instinct and tradition to wield against the obliterating forces of twentieth century progress Speck Daniels moonshiner and alligator poacher turned gunrunner Sally Brown who struggles to escape the racism and shame of her local family R B Collins known as Chicken crippled by drink and rage who is the custodian of Watson secrets Watson Dyer the unacknowledged namesake with designs on the remote Watson homestead hidden in the wild rivers and Henry Short a black man and unwilling member of the group of armed island men who awaited E J Watson in the silent twilight Only a storyteller of Peter Matthiessen's dazzling artistry could capture the beauty and strangeness of life on this lawless frontier while probing deeply into its underlying tragedy the brutal destruction of the land in the name of progress and the racism that infects the heart of New World history

On the River Styx Peter Matthiessen, 2012-05-09 Since the 1950s Peter Matthiessen has written fiction and nonfiction of elemental power and moral vision including the acclaimed novels *At Play in the Fields of the Lord* and *Far Tortuga* and works of naturalism and exploration like the National Book Award winning *The Snow Leopard* This stunning collection of short stories available for the first time in paperback spans more than three decades of writing by one of the most acclaimed literary voices of our time

American Sea Literature: Seascapes, Beach Narratives, and Underwater Explorations S. Yamashiro, 2014-07-31 Implementing a never before seen approach to sea literature *American Sea Literature: Seascapes Beach Narratives and Underwater Explorations* explores the role of American maritime activities and their cultural representations in literature Differentiating between the terrestrial and oceanic as concepts Shin Yamashiro divides sea literature into three categories literature on the sea by the sea and beneath the sea Discussing both canonical works and new books on scuba diving deep sea explorations and surfing this fascinating study recognizes sea literature's unique influence on American history
