Beyond the Secret Garden Ann Thwaite, 2020-08-06 The definitive and revealing biography of the author of *The Secret Garden* Frances Hodgson Burnett's favourite theme in her fiction was the reversal of fortune and she herself knew extremes of poverty and wealth Born in Manchester in 1849 she emigrated with her family to Tennessee because of the financial problems caused by the cotton famine From a young age she published her stories to help the family make ends meet Only after she married did she publish *Little Lord Fauntleroy* that shot her into literary stardom On the surface Frances life was extremely successful hosting regular literary salons in her home and travelling frequently between properties in the UK and America But behind the colourful personal and social life she was a complex and contradictory character She lost both parents by her twenty first birthday Henry James called her the most heavenly of women although avoided her prominent people admired her and there were many friendships as well as an ill advised marriage to a much younger man that ended in heartache Her success was punctuated by periods of depression in one instance brought on by the tragic loss of her eldest son to consumption Ann Thwaite creates a sympathetic but balanced and eye opening biography of the woman who has enchanted numerous generations of children

Frances Hodgson Burnett's *The Secret Garden* Jackie C. Horne, Joe Sutliff Sanders, 2011-07-01 Frances Hodgson Burnett gained fame not only as an author of social fictions and romances but also for writing the immensely popular children's novel *Little Lord Fauntleroy* She seemed an unlikely candidate to pen a quiet realistic and unsentimental paean to disagreeable children and the natural world which has the power to heal them But it is precisely these qualities that have garnered *The Secret Garden* both a continued audience and a central place in the canon of children's literature for a century In Frances Hodgson Burnett's *The Secret Garden* A Children's Classic at 100 some of the most respected scholars of children's literature consider Burnett's seminal work from modern critical perspectives Contributors examine the works and authors that influenced Burnett identify authors who have drawn on *The Secret Garden* in their writing and situate the novel in historical and theoretical contexts These essays push beyond the themes that have tended to occupy the majority of academic scholars who have written about *The Secret Garden* to date In doing so they approach the text from theoretical perspectives that allow new light to illuminate old debates Scholars and students of children's literature women's literature transcontinental literature and the Victorian Edwardian period will find in this collection refreshing new looks at a children's classic

Cemeteries of Ambivalent Desire

Marie Theresa Hernández,2008-01-17 Growing up as the daughter of a funeral director in Fort Bend County Texas Marie Theresa Hernández was a frequent visitor to the San Isidro Cemetery a burial place for Latino workers at the Imperial Sugar Company based in nearby Sugar Land During these years she acquired from her father and mother a sense of what it was like to live as an ethnic minority in Jim Crow Texas Therefore returning to the cemetery as an ethnographer offered Hernández a welcome

opportunity to begin piecing together a narrative of the lives and struggles of the Mexican American community that formed her heritage. However, Hernández soon realized that San Isidro contained hidden depths. The cemetery was built on the former grounds of an old slave owning plantation. Her story quickly burgeoned from one of immigrant laborers working the land of the giant sugar company to one of the slave laborers who had worked the sugar plantations decades before but whose history had been largely wiped out of the narrative of the affluent white majority county. Much like an archeologist, Hernández began carefully brushing away layers of time to reveal the fragile entombed remnants of a complex unknown past. A professional photographer as well as a scholar, Hernández provides visual images to spur the reader's imagination and anchor the narrative in historical reality. She mines interviews, newspaper accounts, and other primary sources interpreted through her own rich sense of place and time to reconstruct the identity of a community where the Old South, the wealthy New South, and the culture from south of the border all come together to form an almost iconic symbol for today's America. In this complex and nuanced self-reflexive ethnography, Hernández interweaves personal memory and group history, ethnic experience and class, even death and life.

Reading Hilary Mantel Lucy Arnold, 2019-12-12. From the ghosts which reside in Midlands council houses in Every Day is Mother's Day to the resurrected historical dead of the Booker Prize winning Wolf Hall and Bring up the Bodies, the writings of Hilary Mantel are often haunted by supernatural figures. One of the first book-length studies of the writer's work, Reading Hilary Mantel explores the importance of ghosts in the full range of her fiction and non-fiction writing and their political, social, and ethical resonances. Combining material from original interviews with the author herself with psychoanalytic, historicist, and deconstructivist critical perspectives, Reading Hilary Mantel is a landmark study of this important and popular contemporary novelist.
