The Unstoppable Human Species John J. Shea, 2023-03-23 In *The Unstoppable Human Species* John Shea explains how the earliest humans achieved mastery over all but the most severe biosphere level extinction threats He explores how and why we humans owe our survival skills to our global geographic range a diaspora that was achieved during prehistoric times By developing and integrating a suite of Ancestral Survival Skills humans overcame survival challenges better than other hominins and settled in previously unoccupied habitats But how did they do it How did early humans endure long enough to become our ancestors Shea places how did they survive questions front and center in prehistory Using an explicitly scientific comparative and hypothesis testing approach *The Unstoppable Human Species* critically examines much archaeological mythology about prehistoric humans Written in clear and engaging language Shea's volume offers an original and thought provoking perspective on human evolution Moving beyond unproductive archaeological debates about prehistoric population movements *The Unstoppable Human Species* generates new and interesting questions about human evolution
