AP Environmental Science Crash Course Gayle Evans, 2011-10-01 REA's AP Environmental Science Crash Course is the first book of its kind for the last minute student or any AP student who wants a quick refresher on the course. Written by an AP Environmental Science teacher, the targeted review chapters prepare students for the test by only focusing on the important topics tested on the AP Environmental Science exam. The easy-to-read review chapters in outline format cover everything AP students need to know for the exam: human population dynamics, managing public lands, energy conservation, changes in Earth's climate, species extinction, loss of biodiversity, and more. The author also includes must-know key terms all AP students should know before test day. With our Crash Course, students can study the subject faster, learn the crucial material, and boost their AP score all in less time. The author provides key strategies for answering the multiple choice questions so students can build their point scores and get a 5.

Psychology, Eighth Edition, in Modules Study Guide Richard Straub, 2006-08-03 Longtime Myers collaborator Richard Straub's study guide is customized to follow the modular format and contents of the text.

Psychology: First Canadian Edition Study Guide Richard O. Straub, 2006-09-15 Following the text's content, Richard Straub offers a Chapter Overview and Chapter Review which is divided by major section. Each group of fill-in-the-blank and short answer questions is preceded by the relevant objective from the text. The Study Guide also includes three self-tests, one of which encourages students to think critically about the chapter's concepts, answers with page references for the self-tests, and explanations of why a choice is correct or incorrect, and a Focus on Language and Vocabulary section which explains idioms and other phrases used by David Myers in the text that may not be clear to some readers.
