

Spring Break Math and ELA Practice

Instructions:

Read the short story "The Spring Adventure" attached.

Answer the comprehension and math questions below the story.

"The Spring Adventure"

Once upon a time, a group of five adventurous friends named Sarah, Jack, Emily, Alex, and Maya decided to spend their spring break exploring the nearby forest. They packed their bags with an assortment of goodies, including sandwiches, fruit, cookies, and juice boxes. As the sun peeked over the horizon, they set off on their adventure, eager to explore the wonders of nature.

Their journey led them through winding paths and dense foliage. Along the way, they encountered towering trees, chirping birds, and colorful wildflowers. Jack, the group's resident nature enthusiast, eagerly identified each plant and bird species they encountered, while Maya, the aspiring photographer, captured the beauty of the forest with her camera.

After hours of hiking, they stumbled upon a serene clearing, where a gentle stream meandered through the moss-covered rocks. They decided to take a break and enjoy a picnic lunch by the water's edge. As they feasted on sandwiches and laughed together, they felt a deep sense of contentment and camaraderie.

Refreshed and energized, the friends continued their expedition, following the sound of rustling leaves and chirping crickets. Along the way, they stumbled upon a hidden waterfall cascading down a rocky cliff, its crystal-clear waters shimmering in the sunlight. They spent hours exploring the area, marveling at the beauty of nature's creations.
