Birchfield,2007 Will poisoned Indians conquer the United States in the twenty first century Is there anything that can be done to stop them Can the United States s oldest and most loyal Indian military ally the Choctaws stop them Or do Choctaws pose the most difficult problem of all In this provocative and incendiary book D L Birchfield bluntly points out what few are willing to say America s population superiority is now meaningless its population density is a crippling liability and the United States has a dangerous Indian problem If you don t know about the American betrayal of the Choctaws or whether Choctaws are still loyal to the United States or why the third largest Indian nation in North America is virtually unknown to Americans sit back and hold on as Birchfield pulls back the curtain to reveal a startling future with an irreverence and disdain for convention that is anything but subtle
