

Introduction

What is a Dashboard?

A Dashboard is a powerful, web-based tool capable of providing a consolidated view of organizational performance to executive level management using a balanced "scorecard" approach. By customizing a dashboard to measure and understand the key performance indicators and performance metrics, collaborative data analysis is made available resulting in optimum decision-making strategies.

IT Dashboard Navigation

Shown below is an example of a standard page layout that allows users to select from the six main global and regional pages found on the Navigation Bar located on the left-hand side of the frame. To learn more about these different views, look further in this document.

The screenshot shows the 'Financial Summary - Global' dashboard. It features a navigation bar on the left, a filters section at the top, and two data tables. Callouts provide the following information:

- Navigation bar:** Offers links to allow quick and easy access to other pages within the IT dashboard.
- Title:** Shown is the title of the particular dashboard screen chosen from the navigation bar.
- Date:** Indicates how recent the financial information is within the dashboard.
- Filters:** The filters section allows for Currency, Year & Period options.
- Data Tables:** The Data Tables or Charts & Graphs for the chosen view.
