

### EXPLORING THE EPIC INTERFACE

EPIC (Electronic Procurement Information Centre) is a web based application used to purchase goods or services from suppliers. EPIC provides quick & simple access to negotiated pricing using on-line catalogs to help you create electronic requisitions that eliminates paper and reduces the need to copy and file requisitions while fast tracking the procurement process.

You can also use the **Configure tabs** link in the upper right corner. After clicking that button, you can manage tab content such as **"Revert to Default Settings"** to revert back to the original view. You can use the **drag and drop** feature to plot content information into various dashboard locations to suit your needs.
