

Study Guide - Air and Aerodynamics & Flight

This is a list of some things you'll want to be able to do for the test. If you can do all these things from memory, you'll probably do well on the test. This is not a complete list of everything that will be on the exam. There might be questions from your notes, the textbook, class discussions, and assignments. There might be questions that aren't related to items on this list.

Students must be able to:

Air and Aerodynamics
