Lessons for the Social Studies Classroom M. Lazarus, S. Cohen, K. Lambert, R. E., 2013-03-12 The idea for this book came while I was observing a student teacher and a master teacher I realized that most student teachers while in training do not have the opportunity to think creatively about their lessons I also noticed that teachers new to the field of teaching suffer the same fate they are too busy trying to survive the day and are not sure how to plan and organize their teaching Lesson plans are one of the most important tools for a teacher and more important for the novice teacher I believe that during student teaching or during their undergraduate years if students were equipped with this book their first year teaching will not look so first year Imagine an undergraduate class filled with soon to be Social Studies teachers discussing these selected lesson plans improving upon them and making them their own Most first year teachers

over teach or under teach and both types still miss the marks on the standardized test These lesson plans will give the new teacher a place to begin Susan Udelhofen, 2014-04-25 Discover your road map for creating a curriculum based on the Common Core State Standards Explore various stages of curriculum development from the preliminary work of building academic support to creating Common Core curriculum maps and tracking school improvement goals Learn to effectively share information during the curriculum building process and engage in significant collaborative conversations around the curriculum **The Literacy Coaching Handbook** Diana Sisson, Betsy Sisson, 2023-12-08 Learn how to become a more effective literacy coach to ensure lasting changes in teaching and learning at your school In this second edition literacy experts Diana and Betsy Sisson offer clear research based strategies that encourage professional development and growth You ll discover how to Understand the various roles that a literacy coach plays from change agent to data analyst Partner with administrators to build a school instructional team Determine which coaching model to use with your teachers Support your classroom colleagues and raise student achievement Tackle the literacy concerns present in today s schools and any resistance from classroom teachers who don t want to be coached Discover innovative ways to provide multimodal coaching in the digital age Design a plan to promote growth centered on assessment and collaboration and Manage the multi faceted responsibilities of literacy coaching with practical strategies Each chapter contains special features such as Coaching Moves Coaching Questions Working With Administrators and Additional Readings to help you apply the information to your own situation In addition the Appendices offer photocopiable PD tools and study guide questions so you can discuss the ideas with others With this practical book you ll have all the guidance you need to overcome challenges and thrive in your coaching role

Tomorrow's High School Gene Bottoms, 2022-04-11 How do some high schools produce graduates that consistently achieve at high levels Would you believe there s a set of proven strategies that could help you deliver similar impressive results and better prepare students for the world after high school High schools in the United States face a startling reality many graduates are unprepared for success in postsecondary studies or for high demand well paying jobs in a rapidly changing economy Although this situation is alarming the high schools that have embraced new ways of learning show us what is possible Drawing from his experience with the High Schools That Work initiative Gene Bottoms offers educators a path forward by urging them to pursue bold goals and outlining bold actions for achieving those goals His vision is clear replace the traditional model of secondary education with one that engages students in a rigorous curriculum that combines a solid academic core with intellectually demanding career pathway courses The notion that nearly all students can achieve at high levels is borne out by numerous examples of high schools including those with traditionally underperforming student populations that have used key strategies to help all students realize their potential Bottoms explains the root causes of the current shortcomings in high school education and then specifies critical components of successful transformation Shared leadership Powerful assignments especially in math literacy and career technical education planned and executed by
