Learner-centered Classrooms Under the Standardization Era Juanita Perea-Jimenez, 2008 You Mean There's More? Uyen H. Do, 2008 Journal for Research in Mathematics Education , 2012 *Houghton Mifflin Math Central: Student text* , 1998 **Could You Put that in Writing?** Roland Aichele, 2008 **Pencils Down** Wayne Au, Melissa Bollow Tempel, 2012

This powerful collection from the groundbreaking Rethinking Schools magazine takes high stakes standardized tests to task. Despite overwhelming evidence that the tests are invalid ways to measure teaching and learning and continuing signs of their unjust effects on students and teachers reformers and policymakers continue to force high stakes tests into the public schools. Through articles that provide thoughtful and emotional critiques from the frontlines of education Pencils Down deconstructs the damage that standardized tests wreak on our education system and the human beings that populate it. Better yet it offers visionary forms of assessment that are not only more authentic but also more democratic fair and accurate.

Hybridity, Collaboration, and Resistance Jodene Michele Kersten, 2005 Coordinating Instruction in Two Comprehensive School Reforms Danae de los Ríos, 2007 *Sustaining Extraordinary Student Achievement* Linda E. Reksten, 2008-10-15

The patterns described in these successful schools both validated and challenged my thinking. I can see opportunities for renewed emphasis in our district and much hope for continuing our progress with students. Nancy Skerritt, Assistant Superintendent, Tahoma School District, Maple Valley, WA.

Transform your school with best leadership practices that sustain high student achievement year after year. What are the key elements necessary for creating enduring student success? In the era of No Child Left Behind (NCLB) and high stakes accountability, district leaders, principals, and teachers need to develop core values and practices that will help schools not only meet learning goals but sustain performance over time. *Sustaining Extraordinary Student Achievement* presents on the ground walking the hallways case studies and analyses of five Title I elementary schools that overcame a myriad of challenges including high staff turnover and a high percentage of students from socioeconomically disadvantaged backgrounds to achieve and maintain academic excellence. Drawing from interviews, vignettes, and site visits, the author shows how these schools succeeded through strategies that align with research on effective schools, such as: Creating a school culture that emphasizes high standards and expectations; Nurturing collaboration and effective shared leadership; Using data to target instruction; Intervene with students and make decisions; Focusing on exemplary standards; Empowering staff to do their best work; Initiate meaningful change in your school with progressive practices and proven leadership strategies.
