Margaret Gough The Love Story That Shaped A Nation:

Margaret & Gough Susan Mitchell, 2014-10-21 The Whitlams wasn't just a love story it was a dynamic and enduring partnership that shaped our nation This is the compelling story of former Prime Minister Gough Whitlam his wife Margaret and their 70 year relationship personal and political private and public It is a story of how two extraordinary people side by side led the Australian nation into an exciting and turbulent new era Gough had no small talk Margaret had the gift of easy conversation He was often ill at ease in company and preferred his books She was warm inclusive and jollied him along He had a vicious tongue and a quick temper She always tried to see the best in people He knew everything about the ideology history and heroes of the Labor movement She trusted her instincts They saw each other as equals and never hesitated to express their different viewpoints He may have passed the laws that changed the nation but she made it possible This is a story of love respect struggle success failure disappointment and resilience It was the strength and endurance of this remarkable relationship that helped change our nation politically culturally and socially Neither Gough nor Margaret would have developed into what each became without the influence of the other Through every major political change every election campaign every triumph and every loss they stood together Margaret and Gough takes us inside a partnership where the political was always personal and the personal was always political Mitchell succeeds in weaving together their lives against a backdrop of Gough's political career a fine dual biography The Australian This sweeping slightly idealised overview of their love with a bit of political history thrown into the mix is a lesson in commitment Daily Telegraph Read about Gough the man who read romantic poems from Keats and Shelley to his new wife Margaret on their honeymoon in 1942 Sunday Territorian

Margaret and Gough Susan Mitchell, 2014-10-30 Gough had no small talk Margaret had the gift of easy conversation He was often ill at ease in company and preferred his books She was warm inclusive and jollied him along He had a vicious tongue and a quick temper She always tried to see the be

Gough and Me Christine Sykes, 2021-05-05 When Gough Whitlam moves into her street in Cabramatta in 1957 eight year old Christine has little idea how her new neighbour one of the most visionary and polarising political leaders of Australia would shape the direction of her life Born to working class parents and living in a fibro house built by her truck driver father Christine simply dreams that one day she might work as a private secretary like her aunt But when the reforms Whitlam championed give Christine the chance to go to university her world expands She experiences the transformative power of education struggles to balance motherhood with being the family breadwinner and faces her own mental health battles She follows a path forged by Whitlam from scholarships he fought for to local community initiatives he generated and even as far as China where Whitlam crucially initiated Australia's relationship when he visited the country in 1973 Written with genuine heart and humour Gough and Me is a nostalgic and deeply personal memoir of social mobility cultural diversity and the unprecedented opportunities that the Whitlam era gave one Australian working class woman

Everyday Revolutions Michelle Arrow, Angela Woollacott, 2019-08-30 The 1970s

was a decade when matters previously considered private and personal became public and political. These shifts not only transformed Australian politics they engendered far reaching cultural and social changes. Feminists challenged man made norms and sought to recover lost histories of female achievement and cultural endeavour. They made films, picked up spanners and established printing presses. The notion that the personal was political began to transform long held ideas about masculinity and femininity both in public and private life. In the spaces between official discourses and everyday experience many sought to revolutionise the lives of Australian men and women. *Everyday Revolutions* brings together new research on the cultural and social impact of the feminist and sexual revolutions of the 1970s in Australia. Gay Liberation and Women's Liberation movements erupted challenging almost every aspect of Australian life. The pill became widely available and sexuality was both celebrated and flaunted. Campaigns to decriminalise abortion and homosexuality emerged across the country. Activists set up women's refuges, rape crisis centres and counselling services. Governments responded to new demands for representation and rights appointing women's advisors and funding new services. *Everyday Revolutions* is unique in its focus not on the activist or legislative achievements of the women's and gay and lesbian movements but on their cultural and social dimensions. It is a diverse and rich collection of essays that reminds us that women's and gay liberation were revolutionary movements.

Middlebrow Modernism Melinda J. Cooper, 2022-10-01 Eleanor Dark 1901-85 is one of Australia's most innovative 20th century writers. Her extensive oeuvre includes ten novels published from the early 1930s to the late 1950s and represents a significant engagement with global modernity from a unique position within settler culture. Yet Dark's contribution to 20th century literature has been undervalued in the fields of both Australian literary studies and world literature. Although two biographies have been written about her life there has been no book length critical study of her writing published since 1976. *Middlebrow Modernism* counters this neglect by providing the first full length critical survey of Eleanor Dark's writing to be published in over four decades. Focusing on the fiction that Dark produced during the interwar years and reading this in the context of her larger body of work this book positions Dark's writing as important to the study of Australian literature and global modernism. Melinda Cooper argues that Dark's fiction exhibits a distinctive aesthetic of middlebrow modernism which blends attributes of literary modernism with popular fiction. It seeks to mediate and reconcile apparent binaries: modernism and mass culture, liberal humanism and experimental aesthetics, settler society and international modernity. The term middlebrow modernism also captures the way Dark negotiated cosmopolitan commitments with more place based attachments to nation and local community within the mid 20th century. *Middlebrow Modernism* posits that Dark's fiction and the broader phenomenon of Australian modernism offer essential case studies for larger debates operating within global modernist and world literature studies providing perspectives these fields might otherwise miss.
