Up In Arms Amanda Spottiswoode,2017-11-23 A rollicking wartime adventure on the BC coast A lot has changed in the world since Sophie Molly Mark Harriet Leticia and Posy s last adventure in *The Silver Lining* Now it s 1940 and the Second World War is making life back home in the United Kingdom very dangerous indeed Although our intrepid crew has seen their fair share of precarious situations from being chased by pirates to making harrowing rescues in abandoned mine shafts their parents decide to once again send them across the ocean and into the care of the eccentric Captain Gunn This time they head back to the BC coast making stops in Hesquiat Harbour Estevan Point Lighthouse Cape Scott and Alert Bay There they meet real life historical figures such as Cougar Annie and aviator Jim Spilsbury and help to recover a precious artifact from a local Indigenous community Rather than sitting out the war in a safe quiet place captain and crew could be in for their biggest adventure yet

Fire and Fury Randall Hansen,2025-05-08 Insightful rigorously researched and splendidly written Donald L Miller author of *Masters of the Air* During World War II Allied bombing obliterated every major German and Japanese city Before the dropping of the atomic bombs conventional bombing had killed approximately 400 000 Germans and 330 00 Japanese the vast majority civilians Two thirds of Germans who died under the bombs did so in 1944 and 1945 and in the last year of the war cities with little military were obliterated In Japan American bombers destroyed all but three major Japanese cities and the people in them after March 1945 These raids occurred in other words when Allied victory was assured and when precision bombing techniques were far more advanced than they were earlier in the war *Fire and Fury* asks why Based on extensive archival sources interviews with bombing survivors airmen and published first hand accounts the book looks at the bombing campaign from an avowedly human perspective Allied German and Japanese It recreates the experience of living through the death of a city It presents the complex personalities of the senior airmen and explores why bombing campaigns that seem so excessive seventy five years later seemed reasonable to many at the time It explains why those campaigns became so murderous so late in the war And it asks with the full benefits of time s fullness whether it was all worth it Perfect for fans of Max Hastings James Holland and Antony Beevor Outstanding Margaret MacMillan author of *Paris 1919 Six Months that Changed the World* Clear well argued and grippingly told Keith Lowe author of *Inferno The Fiery Destruction of Hamburg 1943*
