

**MARK SCHEME for the October/November 2011 question paper
for the guidance of teachers**

0580 MATHEMATICS

0580/22

Paper 2 (Extended), maximum raw mark 70

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes must be read in conjunction with the question papers and the report on the examination.

- Cambridge will not enter into discussions or correspondence in connection with these mark schemes.

Cambridge is publishing the mark schemes for the October/November 2011 question papers for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level syllabuses and some Ordinary Level syllabuses.

14-18 - A New Vision for Secondary Education Kenneth Baker, 2013-01-24 Former Secretary of State for Education Kenneth Baker claims that secondary education has become a five year programme with a single narrow aim to prepare pupils for high stakes GCSE exams at 16 From 2015 all young people will be legally required to stay in education or training until they are 18 Kenneth Baker sees this as a historic opportunity to re think the aims and structure of English education He argues that the National Curriculum should extend only to the age of 14 and that there should be four distinct pathways from 14 18 to take account of young people s emerging interests talents and ambitions Liberal Arts Technical Sports and Creative Arts and Career All pathways will provide a broad education but each will have a distinctive character matched to the talents and ambitions of individual students In 14 18 A New Vision for Secondary Education Kenneth Baker builds a compelling case

for reform with contributions from a range of educationalists who draw on the history of English education practice elsewhere in the world and their experiences An essential read for anyone interested in the future of secondary education

Core Mathematics for Cambridge IGCSE Audrey Simpson, 2011-03-24 Completely covers the syllabus for Cambridge IGCSE Mathematics Core Level John Catt Guide to International Schools 2011, 2011-07 This guide has been designed with the reader in mind In the editorial section are articles written by experts in their field covering a wide variety of issues parents are likely to come across when choosing a school for their child The directories contain basic information about all the schools in each country complete with contact details Some schools provide more information on what they offer and include photographs In the appendix is up to date information about international curricula and the examinations tests and qualifications available cobntact details for Ministries of Education worldwide and a useful list of educational acronyms and abbreviations *The English Baccalaureate* Great Britain: Parliament: House of Commons: Education Committee, 2011-07-28 This report suggests that any new performance or curriculum measures affecting schools should only be implemented after proper consultation with key stakeholders and the wider public something which didn't happen with the English Baccalaureate EBac The Committee says that the Government should also have waited until after the conclusion of the National Curriculum Review before introducing the EBac They want the Government to deliver on its promise in the White Paper The Importance of Teaching to use performance tables to put greater emphasis on the progress of every child The report notes that certain academic subjects studied at A level are more valued by Russell Group universities than others but argues that a focus on a fairly narrow range of subjects demanding considerable curriculum time is likely to have negative consequences on the uptake of other subjects The Committee does not make recommendations on which subjects should or should not be included but rather encourages the Government to reconsider the EBac's composition when the National Curriculum Review is concluded The Government should confirm how it will monitor the attainment of children on free school meals in the EBac The report also calls for further international evidence to inform debate on the merits of the EBac evidence the inquiry received did not suggest a link in other countries between the prescribed study of certain academic subjects and improved attainment and prospects for poorer students Elsewhere the report argues that the current arrangements for certification of the EBac should be shelved as should calls for a Technical Baccalaureate to sit alongside the existing award *Teaching Secondary Music* Jayne Price, Jonathan Savage, 2011-10-26 Designed to support teachers in developing new strategies and pedagogies for teaching music and for teacher education students requiring a comprehensive overview of the subject Teaching Secondary Music provides a modern and accessible insight into the key issues in music education at secondary level Focusing on the nature of musical understanding and how to facilitate and assess musical progress the editors bring together a team of experienced music educators leading the programme of support for the new secondary curriculum Supported with practical examples case studies and resources exploring effective practice Teaching

Secondary Music covers the key concepts and approaches which underpin good practice in secondary music education These include How music relates to other curriculum subjects Ways of implementing newer aspects of the curriculum The music industry and intellectual property rights Working with a range of musicians Using ICT as a tool for musical performance Developing musical leadership This book is essential reading for PGCE Secondary music specialists and practising music teachers Jayne Price is the Music Education Coordinator in the School of Education and Professional Development at the University of Huddersfield Jonathan Savage is a Reader in Education at the Institute of Education Manchester Metropolitan University Teaching 14-19 Learners in the Lifelong Learning Sector Sheine Peart,Liz Atkins,2011-01-14 More and more teachers in the lifelong learning sector are required to teach the 14 19 age group This book is a practical guide to delivering learning to 14 19s It begins by looking at the background to teaching 14 19 in FE and covers current pathways for achievement Coverage of effective delivery of the new Diploma qualification is included giving guidance on planning and assessment It goes on to explore the challenges of behaviour participation and re engaging disaffected learners Finally it considers the wider context of building partnerships with schools and the needs of industry and employers Independent Schools Yearbook 2012-2013 none,2013-06-20 The highly respected book of reference of sought after Independent Schools in membership of the Independent Schools Council s Associations HMC GSA The Society of Heads IAPS ISA and COBIS
