Provençal, 1997-06-14 **Discipling Your Grandchildren**

Mains, 2015-05-12 Very little communication takes place between most pastors priests and their congregants regarding the weekly sermon homily This lack of constructive dialogue has resulted in Sunday messages that are not only out of touch with where parishioners are living but for the most part what s said isn t remembered much beyond the church parking lot Dr Mains contends that people in the pew can best judge when a sermon is helpful to them and when it isn t So why not include them in the process of both preparing and evaluating sermons Not preaching the sermons but again preparing and evaluating them He makes these changes sound so simple and practical that you can t help but wonder Why weren t these ideas implemented years ago Most people in the pew don t realize how integral they are to finding a solution to this problem But the pulpit pew combination can be an incredibly powerful team so let s begin to work together to help solve this mystery of what s happening to sermons This is not a negative book or one that only points out problems Instead it s a positive practical and encouraging read that should fill you with hope for not only your local congregation but churches everywhere

The Rhetoric of the Pulpit, Second Edition Jon Meyer Ericson, 2020-03-26 The Rhetoric of the Pulpit treats the sermon as the single most important factor in evangelism for a parish and also the most important factor in the spiritual growth of both the congregation and the pastor With emphasis on the Word as the foundation the author adds music and liturgy to the sermon s structure to build a unified worship experience Recognizing that the Word is truth but that the truth needs to be made to seem true the book offers sound practical advice on sermon preparation based on both classical and contemporary communication theory Sermon preparation is viewed as a process that begins with downloading the Word followed by productive meditation The process then moves through the rhetorical steps from a search for content to the sermon s delivery Throughout the book the rhetorical principles are treated as a subordinate element to the Word a means of giving effectiveness to the truth The Rhetoric of the Pulpit aims to reflect the spirit of Aristotle St Augustine St Paul and Kenneth Burke **The Expositor** , 1918 **Fresh Ideas** Diana Davis, 2007-06-01 Columnist and pastor s wife Diana Davis has been compiling new ways of conducting various church programs for decades paying close attention to everything from how a church interior is best utilized to how congregations most effectively engage in community outreach These creative methods are generously compiled in Fresh Ideas for Your Church a handy guide to inspire how your church does church Featuring seventy five unique categories and scores of ideas within each one this resource will help everyone in the church from volunteers to the senior pastor A sampling of topics Baptism Children s Area Christmas Fall Festival Greeters Library New Member Assimilation Prayer Ministry Scripture of the Year Sports Evangelism Web Site Youth and more *Creative Ways to Offer Praise* Lisa Flinn, Barbara Younger, 1993 This interdenominational resource combines time honored forms of worship

Mainstream American Protestantism is suffering from an identity crisis We are not fundamentalists but it is easy to define ourselves in reaction to them Paralyzed by the shock of a cultural turn toward skepticism we are tempted to make allies of the skeptics partly to distance ourselves from the religious right and partly to lay claim to credibility in a milieu in which it is okay to be spiritual but not to be religious A consequence is that we find ourselves playing in the shallow end of the pool The historic Protestant principle serves as an enabler when it privileges questioning over affirmation causing us to lose the necessary balance between the two American style generic Protestantism as it has evolved does not have strong enough foundations to withstand cultural pressures Discovering an identity worth being taken seriously will require revisiting the broad catholic and reforming tradition in order to find an authoritative rather than merely reactive voice The challenge is theological but not to academic theology The challenge rather is to the theology that sustains the local congregation through teaching certainly but most pressingly through preaching and worship The times call for thoughtful and strategic repositioning Women Struggling For a New Life Ai Ra Kim,1996-01-10 Kim explores the religious impact particularly that of the Korean Methodist Church on the lives of Korean immigrant ilse first generation in the United States To most of these women America is new soil and they need to adjust to a different cultural and social environment Consequently they may be confused and frustrated As a community center the Korean church plays a significant role in their lives Kim examines the church to determine if it is helpful or detrimental to these women as they adjust to their lives in the United States Although the history of Korean immigrants in the United States is almost 100 years old resources about Korean immigrants particularly women are scarce These women have long been invisible and unheard in American society as well as in the Korean community and church Their experiences as minority women and their painful struggle for survival in patriarchal Korean churches reflect not only the plight of women but also genuine human struggle **The Expositor and Current Anecdotes** ,1911 **The Bible and the Calendar** Thomas D. Campbell,2010-04-13 Planning and text selection are important ingredients in a preacher s work Saturday night specials sermons out of a frantic search for a scripture passage and possible message are all too familiar with many Lack of a systematic approach will exhaust the preacher and weaken one s pulpit ministry This book can be a help to those who want to be faithful preachers rightly handling the word of God
