Richard Bailey

Germany Russia And The Rise Of Geo Economics:

Germany, Russia, and the Rise of Geo-economics Stephen F. Szabo, 2016 *Germany, Russia, and the Rise of Geo-Economics* Stephen F. Szabo, 2014-12-18 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com Having emerged from the end of the Cold War as a unified country Germany has quickly become the second largest exporter in the world Its economic might has made it the center of the Eurozone and the pivotal power of Europe Like other geo economic powers Germany's foreign policy is characterized by a definition of the national interest in economic terms and the elevation of economic interests over non economic values such as human rights or democracy promotion This strategic paradigm is evident in German's relationship with China the Gulf States and Europe but it is most important in regard to its evolving policies towards Russia In this book Stephen F Szabo provides a description and analysis of German policy towards Russia revealing how unified Germany is finding its global role in which its interests do not always coincide with the United States or its European partners He explores the role of German business and finance in the shaping of foreign policy and investigates how Germany's Russia policy affects its broader foreign policy in the region and at how it is perceived by key outside players such as the United States Poland and the EU With reference to public opinion the media and think tanks Szabo reveals how Germans perceive Russians and he uncovers the ways in which its dealings with Russia affect Germany in terms of the importing of corruption and crime Drawing on interviews with key opinion shapers business and financial players and policy makers and on a wide variety of public opinion surveys media reports and archival sources his will be a key resource for all those wishing to understand the new geo economic balance of Europe

Geoeconomics in International Relations Christian Pfeiffer, 2023-11-03 This book provides a comprehensive and systematic analysis of the concept of geoeconomics in International Relations IR It offers an accessible overview of the most important approaches including their history means and ends methodology ideological underpinnings normative aspects and practical relevance Exploring the forgotten history of geoeconomics and revealing its different meanings and usages over time the author clearly differentiates geoeconomics from geopolitics on a conceptual level This thorough examination of contemporary conceptions identifies shortcomings in the current understanding of geoeconomics and proposes a reconceptualization of the concept within a neoliberal framework increasing its empirical usefulness and analytical value By contrasting neoliberal geoeconomics with neorealist geoeconomics the book highlights the normative implications of both approaches providing policy analysts and makers with valuable insights into the topic This volume will be an important reference guide for understanding the concept of geoeconomics and a must read for students and researchers of international relations international political economy economics and political science as well as professionals such as policymakers and politicians

Geo-economics and Power Politics in the 21st Century Mikael Wigell, Sören Scholvin, Mika Aaltola, 2018-07-06 Starting from the key concept of geo economics this book investigates the

new power politics and argues that the changing structural features of the contemporary international system are recasting the strategic imperatives of foreign policy practice States increasingly practice power politics by economic means Whether it is about Iran's nuclear programme or Russia's annexation of Crimea Western states prefer economic sanctions to military force Most rising powers have also become cunning agents of economic statecraft China for instance is using finance investment and trade as means to gain strategic influence and embed its global rise Yet the way states use economic power to pursue strategic aims remains an understudied topic in International Political Economy and International Relations The contributions to this volume assess geo economics as a form of power politics They show how power and security are no longer simply coupled to the physical control of territory by military means but also to commanding and manipulating the economic binds that are decisive in today's globalised and highly interconnected world Indeed as the volume shows the ability to wield economic power forms an essential means in the foreign policies of major powers In so doing the book challenges simplistic accounts of a return to traditional military driven geopolitics while not succumbing to any unfounded idealism based on the supposedly stabilising effects of interdependence on international relations As such it advances our understanding of geo economics as a strategic practice and as an innovative and timely analytical approach This book will be of much interest to students of security studies international political economy foreign policy and International Relations in general

Putin's World Angela Stent, 2019-02-26 In this revised version that includes an exclusive new chapter on the Russia Ukraine war renowned foreign policy expert Angela Stent examines how Putin created a paranoid and polarized world and increased Russia's status on the global stage How did Russia manage to emerge resurgent on the world stage and play a weak hand so effectively Is it because Putin is a brilliant strategist Or has Russia stepped into a vacuum created by the West's distraction with its own domestic problems and US ambivalence about whether it still wants to act as a superpower Putin's World examines the country's turbulent past how it has influenced Putin the Russians' understanding of their position on the global stage and their future ambitions and their conviction that the West has tried to deny them a seat at the table of great powers since the USSR collapsed This book looks at Russia's key relationships its downward spiral with the United States Europe and NATO its ties to China Japan the Middle East and with its neighbors particularly the fraught relationship with Ukraine Putin's World will help Americans understand how and why the post Cold War era has given way to a new more dangerous world one in which Russia poses a challenge to the United States in every corner of the globe and one in which Russia has become a toxic and divisive subject in US politics

Germany's Belt and Road Bargain Tim Banning, 2025-02-25 In recent years the Belt and Road Initiative BRI has not only transformed global trade relations but also tested Germany's political strategies This book explores the German Federal Government's ambivalent response to China's politics of infrastructure investments under the BRI during Angela Merkel's tenure as Chancellor raising crucial questions about Germany's bilateral relations with China its economic ambition and its geopolitical responsibility This book provides a

detailed account of the key political processes and decision points that influenced the Federal Government's stance towards China's politics of infrastructure investments Through its analysis of the interactions between domestic politics and international relations it aims to offer a nuanced understanding of the complex dynamics between the state and business It examines how the varying interests of numerous industry sectors impacted the Federal Government's response to China's politics of infrastructure investments across multiple policy domains covering Germany's policy on foreign investments and foreign trade its industrial policy its broader foreign policy and its role in European politics

The Oxford Handbook of Geoeconomics and Economic Statecraft Vinod K. Aggarwal, Tai Ming Cheung, 2025 The Oxford Handbook of Geoeconomics and Economic Statecraft is a comprehensive critical and contemporary exploration of issues at the intersection of political economy and security studies Long considered separate branches of political science economics and security have become increasingly intertwined The volume examines the state of the field where it has been in the recent past and where it is likely to go in future Contributors examine conceptual edges of geoeconomics and economic statecraft as well as its core the globalizing context of the field and the challenges posed by social economic and technological changes The twenty eight chapters in the volume are divided into six parts After the introduction to the volume section 2 considers past and present thinking about the field Section 3 explores the methods used in geoeconomics and economic statecraft Section 4 looks at key issues Section 5 covers the intersection of national security and geoeconomics and the last section looks at regional perspectives in the field Geoeconomics and economic statecraft are issues of contemporary concern and on the front pages of newspapers on an almost daily basis This book provides the intellectual context and insights to understand the challenges and prospects that the world faces currently and over the long term making it a useful resource for academics practitioners business executives journalists and students

Russia's Geoeconomic Strategy for a Greater Eurasia

Glenn Diesen, 2017-07-06 This book explains how Russia is adjusting to its ongoing realignment towards Asia while engaging in a parallel assessment of Russia's interactions with other significant actors in the region China the US the EU and NATO

Germany's Role in European Russia Policy Liana Fix, 2021-04-24 This book contributes to the debate about a new German power in Europe with an analysis of Germany's role in European Russia policy It provides an up to date account of Germany's Ostpolitik and how Germany has influenced EU Russia relations since the Eastern enlargement in 2004 partly along partly against the interests and preferences of new member states The volume combines a rich empirical analysis of Russia policy with a theory based perspective on Germany's power and influence in the EU The findings demonstrate that despite Germany's central role exercising power within the EU is dependent on legitimacy and acceptance by other member states

Germany's New Partners Sven Bernhard Gareis, Matthew Rhodes, 2019-10-28 In the wake of the 2008 financial crisis Germany became Europe's most influential nation state This book aims to provide a comparative assessment of how this is reflected in the country's bilateral security relationships with key global and regional partners Prepared by an international

team of scholars it offers unique in depth perspectives on the ways these evolving interactions affect the prospects for addressing recent and emerging security challenges

Germany's Russia problem John Lough, 2021-06-29 The relationship between Germany and Russia is Europe's most important link with the largest country on the continent But despite Germany's unparalleled knowledge and historical experience its policymakers struggle to accept that Moscow's efforts to rebalance Europe at the cost of the cohesion of the EU and NATO are an attack on Germany's core interests This book explains the scale of the challenge facing Germany in managing relations with a changing Russia It analyses how successive German governments from 1991 to 2014 misread Russian intentions until Angela Merkel sharply recalibrated German and EU policy towards Moscow The book also examines what lies behind efforts to revise Merkel's bold policy shift including attitudes inherited from the GDR and the role of Russian influence channels in Germany

The Bridge Thane Gustafson, 2020-01-07 A Marginal Revolution Best Book of the Year Winner of the Shulman Book Prize A noted expert on Russian energy argues that despite Europe's geopolitical rivalries natural gas and deals based on it unite Europe's nations in mutual self interest Three decades after the fall of the Berlin Wall and the breakup of the Soviet empire the West faces a new era of East West tensions Any vision of a modern Russia integrated into the world economy and aligned in peaceful partnership with a reunited Europe has abruptly vanished Two opposing narratives vie to explain the strategic future of Europe one geopolitical and one economic and both center on the same resource natural gas In *The Bridge* Thane Gustafson an expert on Russian oil and gas argues that the political rivalries that capture the lion's share of media attention must be viewed alongside multiple business interests and differences in economic ideologies With a dense network of pipelines linking Europe and Russia natural gas serves as a bridge that unites the region through common interests Tracking the economic and political role of natural gas through several countries Russia and Ukraine the United Kingdom Germany the Netherlands and Norway *The Bridge* details both its history and its likely future As Gustafson suggests there are reasons for optimism but whether the gas bridge can ultimately survive mounting geopolitical tensions and environmental challenges remains to be seen

The Seven Secrets of Germany David B. Audretsch, Erik Lehmann, 2016 Europe and much of the developed world have been bogged down by stagnant economic growth and alarmingly high rates of unemployment But not Germany This book reveals seven key aspects of the German economy and society that have provided considerable buoyance in an era of global turbulence

Corporate Crime and Punishment Cornelia Woll, 2023-10-31 Over the last decade many of the world's biggest companies have been embroiled in legal disputes over corruption fraud environmental damage taxation issues or sanction violations ending either in convictions or settlements of record breaking fines that have surpassed the billion dollar mark For critics of globalisation this turn towards corporate accountability is a welcome change showing that multinational companies are not above the law In this book Cornelia Woll considers how far this turn toward negotiated corporate justice and the United States legal action against multinationals in particular is motivated by geopolitical and

geoeconomic concerns Woll analyses the evolution of corporate criminal prosecutions in the United States as well as the extraterritorial expansion of its jurisdictions and demonstrates a notable bias against foreign firms In extreme cases she argues this type of legal action is used for explicitly strategic purposes to further US economic interests at home and abroad a practice known as economic lawfare By studying the recent institutional and legal changes within a range of countries that have seen their multinational companies targeted by the threat of US prosecutions including the United Kingdom Germany Canada and Brazil Woll draws attention to the impact of this strategy in reshaping both national legal approaches to corporate criminal law and the protocols for business government relations No government wishes to stand accused of allowing their own multinationals to get away with illegal or unethical practices that have only come to light via US investigations nor do they wish to see the resulting fines from any legal proceedings paid out to the US justice system alone Woll discusses the resulting measures taken and those still needed to strengthen national capacity to intervene in corporate misconduct cases and considers the extent to which certain US actions exemplify the weaponisation of interdependence by a hegemonic power

Shifting Paradigms in Contemporary German Politics and Policy Eric Langenbacher,2024-06-01

Germany has undergone more change in the past two years than it has experienced in decades In the fall of 2021 the Social Democratic Party unexpectedly surged to first place in the Bundestag elections going on to lead a coalition of SPD Greens and Free Democrats that promised to dare more progress domestically Then just two months after the new government was installed Russia invaded Ukraine The contributions in this volume investigate the altered state of German politics and predict the trajectory of Europe s leading power in the transformed geopolitical environment

Contestation and Polarization in Global Governance Michelle Egan,Kolja Raube,Jan Wouters,Julien Chaisse,2023-01-17 This is an open access title available under the terms of a CC BY NC ND 4 0 License It is free to read download and share on Elgaronline com Building a thorough and comprehensive understanding of the limits of the international rules based liberal order across a variety of issue areas this topical book highlights how the discourse and values inherent in these long established political arrangements are now facing a backlash and how Europe is responding towards it

The Geoeconomic Diplomacy of European Sanctions Kim B. Olsen,2022-08-01 When policy makers opt for sanctions or other economic power instruments in response to geostrategic challenges the stage is set for geoeconomic diplomacy Challenging traditional conceptions about the interplay between governments and markets this book sheds a new light on the diplomatic actors and processes that shape successful geoeconomic foreign and security policy making Unpacking the networked practices through which diplomats advanced the early implementation of the European Union s far reaching sanctions regimes against Russia and Syria the book demonstrates how geoeconomic diplomats depend on their abilities to navigate in complex actor networks in the interfaces between the public private and non governmental realm

Export Restrictions and Export Controls Umair H. Ghori,2023-12-11 Representing a continuation of the debate on export restrictions and export controls this adroitly crafted

book expertly navigates the complexities of international trade law Under the aegis of global security it features a number of diverse yet interconnected topics on export restrictions and export controls and highlights the multi faceted trade economic and security challenges faced by developed and developing countries **Germany Today** Christiane Lemke, Helga A. Welsh, 2017-12-01 This book analyzes the major post unification developments that have tested and shaped the new Germany from a multilevel perspective The authors argue that domestic transformation and a heightened role in international politics are consequences often unintended of unification Europeanization and globalization Informed by the authors intimate knowledge of Germany this book offers a comprehensive in depth analysis of a pivotal global player at a critical economic political social and environmental juncture **Handbook of Research on Social and Economic Development in the European Union** Bayar, Yilmaz, 2019-11-29 The EU has experienced serious economic and political crises such as the sovereign debt crisis and Brexit in the past few years However despite these issues the EU has implemented considerable institutional fiscal and collective improvements during the unification process to continue as a significant actor in the global economy The Handbook of Research on Social and Economic Development in the European Union provides a multidisciplinary evaluation of the institutional economic and social development of the European Union and makes inferences for the future dynamics and collaborations of the EU the global economy and other countries Featuring coverage on a broad range of topics such as energy security gender discrimination and global economics this book is ideally designed for government officials policymakers world leaders politicians diplomats international relations officers economists business professionals historians market analysts academicians researchers and students concerned about the multifaceted integration processes surrounding the EU

Germany Russia And The Rise Of Geo Economics Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Germany Russia And The Rise Of Geo Economics free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Germany Russia And The Rise Of Geo Economics free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Germany Russia And The Rise Of Geo Economics free PDF files is convenient, its important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF

versions of their work, but its essential to be cautious and verify the authenticity of the source before downloading Germany Russia And The Rise Of Geo Economics. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether its classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Germany Russia And The Rise Of Geo Economics any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Germany Russia And The Rise Of Geo Economics Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility.
