contemporaines et plus particulièrement dans la société congolaise. En appréhendant l'imaginaire religieux et politique comme des champs privilégiés d'observation, l'auteur met en évidence le double mouvement de révolte et d'attente qui a caractérisé la plupart des messianismes, mouvements religieux et politiques en Afrique centrale. En effet, les aspirations nationalistes qui accompagnaient ces mouvements politico-religieux s'inscrivaient plus généralement dans la dynamique des luttes et revendications des peuples opprimés. Néanmoins, rapidement, l'ambivalence entre le désir de changement social d'une part et celui de retour vers le passé et les origines d'autre part a permis de circonscrire les conditions universelles et spécifiques d'apparition des messianismes. L'analyse de l'auteur navigue travers des espaces de réflexion dans le champ complexe du messianisme de l'imaginaire religieux et de l'imaginaire politique. Pour le messianisme matsouaniste en particulier, cette vision vers l'imaginaire religieux et politique donne toute son importance aux systèmes clos de représentation où le recours à l'image du monde renverse d'une fois la relation qui existe entre l'idologie mythique et l'idologie utopique en tant que réservoirs d'actions. Telles sont les principales raisons de la permanence du Matsouanisme dans le Congo actuel, dont les figures inépuisables en tant que mouvement social, religieux et politique l'inscrivent dans la modernité sociale et politique congolaise.

Le Rouleau de cuivre de la grotte 3 de Qumrân (3Q15) (2 vols.) Daniel Brizemeure, Noël Lacoudre, Emile Puech, 2018-12-24. This book in two volumes gives the status quaestionis of the Qumran Copper Scroll fifty years after its discovery. The first part of volume one is amply illustrated with graphics and images, giving the technical expertise of its state of preservation together with the proposals for treatment developed by the laboratory EDF Valectra for its restoration and conservation. The production of a facsimile by means of galvanoplasty and digitalized images is explained. The second part of volume one gives a largely renewed edition of the engraved Hebrew text with an up-to-date commentary in French and English translations and indices. The second volume of nearly 400 plates publishes photographs and X-Rays of each segment before and after treatment as well as the reproduction by means of galvanoplasty and digitalized images. Cinémathèque française, 2007. André Breton, Nadja Etienne-Alain Hubert, Philippe Bernier, 2002. **Colonizer and Colonized**, 2021-11-08. Over the last two decades, the experiences of colonization and decolonization, once safely relegated to the margins of what occupied students of history and literature, have shifted into the latter's center of attention in the West as elsewhere. This attention does not restrict itself to the historical dimension of colonization and decolonization but also focuses upon their impact upon the present for both colonizers and colonized. The nearly fifty essays here gathered examine how literature now and in the past keeps and has kept alive the experiences both individual and collective of colonization and decolonization. The contributors to this volume hail from the four corners of the earth: East and West, North and South. The authors discussed range from international luminaries past and present such as Aphra Behn, Racine, Blaise Cendrars, Salman Rushdie, Graham Greene, Derek Walcott, Guimarães Rosa, J. M. Coetzee, André Brink, and Assia Djebar, to less known but certainly not lesser authors like Gioconda Belli, René Depestre, Amadou Kon, Elisa Chimenti, Sappho, Arthur Nortje, Es'kia Mphahlele, Mark

adulterous relationships thus making illegitimacy its grounding principle by preferring a blurred lineage to a legible succession Trying to find what film is referred to in a sequence therefore amounts to establishing a clear family tree which takes no account of the illegitimate unions natural children and forgotten ancestors that are nevertheless part and parcel of film history If that quest should still be conducted its object it seems should not be one sole point of reference The aim of this book is to create the opportunity of studying and perhaps of rehabilitating those shadowy corners of cinematographic creation and film memory and to provide film studies but also literature and Arts studies altogether with a newly productive way of using such familiar notions as difference quotation reference blending hybridity miscegenation or crossbreeding

Vladimir Solov'ëv William Peter van den Bercken, Manon de Courten, Evert van der Zweerde, 2000 Vladimir Solov'ëv 1853-1900 is regarded as the most original and systematic of the Russian philosophers in the 19th century He has once again become the subject of international scholarly attention both in Slavic countries and the West This volume contains selected papers presented at the international conference on Vladimir Solov'ëv held at Nijmegen University the Netherlands in September 1998 The scope of this conference was wide ranging dealing with theological metaphysical philosophical and historical themes Though Solov'ëv's broad intellectual activity defies any strict attempt at categorisation the editors have classified its major themes under the dual characteristic of reconciliation and polemics Solov'ëv was passionately committed to the reconciliation of all beings under the idea of all unity which he attempted to achieve by engaging in uncompromising polemics with his contemporaries The thirty contributors to this volume are specialists from Russia Ukraine Bulgaria Western Europe and the United States The volume makes a significant contribution to the intellectual reassessment of Vladimir Solov'ëv since the rediscovery of his philosophical heritage in his own homeland in the 1980s **Europa! Europa?** Sascha Bru, Jan Baetens, Benedikt Hjärtarson, Peter Nicholls, Tania Ørum, Hubert Berg, 2009-10-29 The first volume of the new series European Avant Garde and Modernism Studies focuses on the relation between the avant garde modernism and Europe It combines interdisciplinary and intermedial research on experimental aesthetics and poetics The essays written by experts from more than fifteen countries seek to bring out the complexity of the European avant garde and modernism by relating it to Europe's intricate history multiculturalism and multilingualism They aim to inquire into the divergent cultural views on Europe taking shape in avant garde and modernist practices and to chart a composite image of the other Europe's that have emerged from the contemporary avant garde and experimental modernism How did the avant garde and modernism in and outside Europe give shape to local national and pan-European forms of identity and community To what extent does the transnational exchange and cross fertilisation of aesthetic tendencies illustrate the well rehearsed claim that the avant gardes form a typically European phenomenon Dealing with canonised as well as lesser known exponents of modernism and the avant garde throughout Europe this book will appeal to all those interested in European cultural literary and art history

In Defense of Witches Mona Chollet, 2022-03-08 Mona Chollet's In Defense of Witches is a brilliant well documented celebration Le Monde by an acclaimed French feminist of the witch as a symbol of female rebellion and

independence in the face of misogyny and persecution Centuries after the infamous witch hunts that swept through Europe and America witches continue to hold a unique fascination for many as fairy tale villains practitioners of pagan religion as well as feminist icons Witches are both the ultimate victim and the stubborn elusive rebel But who were the women who were accused and often killed for witchcraft What types of women have centuries of terror censored eliminated and repressed Celebrated feminist writer Mona Chollet explores three types of women who were accused of witchcraft and persecuted the independent woman since widows and celibates were particularly targeted the childless woman since the time of the hunts marked the end of tolerance for those who claimed to control their fertility and the elderly woman who has always been an object of at best pity and at worst horror Examining modern society Chollet concludes that these women continue to be harrassed and oppressed Rather than being a brief moment in history the persecution of witches is an example of society s seemingly eternal misogyny while women today are direct descendants to those who were hunted down and killed for their thoughts and actions With fiery prose and arguments that range from the scholarly to the cultural In Defense of Witches seeks to unite the mythic image of the witch with modern women who live their lives on their own terms
