Managerial Accounting Ramji Balakrishnan, Konduru Sivaramakrishnan, Geoffrey B. Sprinkle, 2008-11-10. Most managerial accounting texts emphasize the mechanics of managerial accounting. While important, mechanics are not enough. To solve business problems, students need to understand how managerial accounting can improve decision making and when and where a particular tool or technique is appropriate. Balakrishnan's *Managerial Accounting* 1st edition presents accounting information in the context of business decision making. It combines the traditional topics of managerial accounting with a strategic framework that shows students how to construct decision models and measure information. By linking business decisions with accounting information, students will be motivated to learn and make more informed decisions. Balakrishnan will appeal to courses where there is a true focus on decision making and accounting is placed within a business context.

Basic Management Accounting for the Hospitality Industry Michael Chibili, 2019-11-26. *Basic Management Accounting for the Hospitality Industry* uses a step by step approach to enable students to independently master the field. This second edition contains many new themes and developments including the essence of the International Financial Reporting Standards (IFRS) integration of the changes caused by the evolution of the Uniform System of Accounts for the Lodging Industry (USALI), the extension of price elasticity of demand and addition of income and cross elasticities, the addition of break even time (BET) as an additional method of analysing capital investments. Up to date and comprehensive coverage, this textbook is essential reading for hospitality management students.
