Laura Middleton: Her Brother and Her Lover Anonymous,2020-09-28 The remarks which Emily had made regarding the share Laura Middleton had had in opening up her ideas on the subject of the mysteries in which she had now been fully initiated had not escaped my observation It so happened that at that very time I was under an engagement to pay a visit to the Middletons who were very distant relations of my mother It of course occurred to me that it was possible I might be able to turn the information I had thus acquired to some account Laura and I were old friends She was about two years older than I a very handsome fine looking girl but as I had then fancied upon rather a larger scale than quite suited my taste We had always been on very good terms as children but she had a sort of haughty imperious air which joined to the difference in our ages had operated in a manner that would have prevented me from thinking of taking any liberties with her and she was about the last person in the world I should have been disposed to imagine addicted to the amusements in which Emily had participated with her When I again met her on arriving at their country seat I found that a considerable change had taken place in her person but probably this was merely the natural result that the preceding two years during which I had not seen her had worked upon a girl at her time of life by fully developing the proportions and fining down the parts of the figure which at an earlier period might have appeared too prominent I too had grown considerably during this period more so in proportion than she had and now her height by no means appeared to me to be too great and altogether I could not help acknowledging to myself that I had rarely seen a handsomer or finer looking woman She still retained somewhat of her haughty air though softened down and I could hardly fancy when looking at her that Emily's account of her behaviour in the hours when she gave herself up to enjoyment could be true I soon however became aware of circumstances that tended to corroborate the tale and which put me in the way of making advances to her which I hastened to do When it came to be time to dress for dinner Lady Middleton said to me that she had presumed on our relationship to put me into the family wing of the house as the arrival of some unexpected visitors had made her change the destination of the room she had previously intended for me She said she had no doubt I would find the one set apart for me quite comfortable for the only objection to it and which prevented her from being able to put a stranger into it was that it opened into another room which would have to be occupied by her son Frank who was expected home from school in a short time This last room in consequence of some alterations made in building an addition to the house had no separate entrance but opened into the two rooms on each side and as the one on the other side was occupied by his sister and aunt Frank would have to enter through mine She said I must keep him in order and make him behave himself and if I had any trouble with him

to let her know I had not seen my young namesake for about two years but I recollected him as a fine high spirited very handsome boy about twelve or thirteen years of age always getting into some scrape or other and always getting out of them somehow in such a fearless good humoured manner that it was impossible for anyone to be angry with him So I said I should be delighted to renew my acquaintance with my young friend and that I had not the least doubt but that we should get on very pleasantly Laura Middleton: Her Brother and her Lover Anonymous Anonymous,2020-03-20 Excerpt On going to my room to dress for dinner I found a servant girl engaged in making some of the arrangements which the change of apartments had necessitated On my entrance she was going to leave the room but seeing that she was a very nice looking young girl I said she need not run away in such a hurry that surely she was not afraid of me She gave me an arch look as if taking the measure of my capacities and replied with a smile that she did not think she need be afraid of such a nice looking young gentleman This I thought was a fair challenge and it induced me to take a better look at her I found she was a very well made country girl of about nineteen with some very promising points about her I therefore kept her in conversation for a short time while I went on with my washing operation Finding she was in no hurry to leave me I went up to her as she was engaged in putting the bed in order and snatched a few kisses I then commenced playing with her bubbles and taking some further liberties with her As my proceedings met with very little resistance beyond a few exclamations of Oh for shame I did not expect such conduct from you I proceeded with my researches and without much difficulty I succeeded in raising her petticoats and getting possession of her stronghold On insinuating my finger within it I found it to be tighter and even more inviting than I had anticipated Laura Middleton: Her Brother and Her Lover (Illustrated) Anonymous,2022-03-23 The story of a man s sexual trysts with his girlfriend then her younger brother and then all three of them together Explicit sex scenes without the cuss words lots of coy flowery euphemisms of intimate body parts and sexual activities oh yeah he also gets seduced by the girl s fianc Not advised for children or people of high moral fiber easily offended by depictions of moral depravity Laura Middleton Her Brother And Her Lover is an excellent example of Victorian erotica A strict set of moral standards existed during the reign of Queen Victoria 1837 1901 although they were often hypocritically applied This restrictive morality gave rise to a wide range of erotic literature that fascinates us to this day Adults Only An erotic classic that raises the temperature in the bedroom You re certain to be fascinated by this story of sexual debauchery secret trysts and incest Illustrated with over 30 sensual photographs Laura Middleton Har Brother and Her Lover Anonymous,2025-01-13 Laura Middleton Her Brother and Her Lover an intriguing and provocative novel by an anonymous author explores the complexities of love loyalty and the human heart within the constraints of societal expectations Set in a time when propriety governed personal relationships the story follows Laura Middleton a young woman caught in a tumultuous emotional triangle between her devoted brother and her passionate lover As her relationships unfold Laura grapples with the implications of her choices and the profound impact they have on her family and her own sense of self The

Clandestine Erotic Fiction in English 1800-1930 Peter Mendes,2016-12-05 This work offers bibliographical descriptions of all printings of erotic fiction in English issued clandestinely during the period 1800 1930 By clandestine is meant books whose publishers and printers attempt to hide their identities usually by offering title pages whose misleading places and dates of publication may shock and amuse but which always aim to mystify Using internal and external evidence an attempt is made to establish who were the printers booksellers and publishers English and Continental involved in this trade The printing families or groups into which a large percentage of the material falls are classified accompanied by illustrations which identify the main printing characteristics house styles of

the groups Bibliographical descriptions follow a checklist of clandestine catalogues these provide valuable evidence for dating pricing and sales pitch and information on items of which no copies can now be traced The work concludes with a series of appendices which provide significant external evidence and three indexes of themes titles and names Peter Mendes original research builds on and significantly extends the essential pioneer work of the Victorian collector and bibliographer H S Ashbee Pisanus Fraxi Gay Novels of Britain, Ireland and the Commonwealth, 1881-1981 Drewey Wayne Gunn,2014-10-27 While American gay fiction has received considerable scholarly attention little has been given to developments in other English speaking countries This survey catalogs 254 novels and novellas by some 173 British Irish and Commonwealth authors in which gay and bisexual male characters play a major role Arranged chronologically from the appearance of the first gay protagonist in 1881 to works from the onset of the AIDS epidemic in 1981 in depth entries discuss each book s publication history plot and significance for the construct of gay identity along with a brief biography of its author Including iconic works like Oscar Wilde s The Picture of Dorian Gray 1890 and E M Forster s Maurice as well as lesser known but noteworthy novels such as Rose Macaulay s The Lee Shore 1912 and John Broderick s The Waking of Willie Ryan 1969 this volume the first of its kind enlarges our understanding of the development of gay fiction and provides an essential reading list

A Study of Erotic Literature in England W. v. Murat,2019-09-24 The present work fills a gap as it attempts to offer a history of erotic literature published in the United Kingdom The word Study in the title is perhaps a bit exaggerated as the material is largely taken from the now well known bibliographies by Pisanus Fraxi Henry Spencer Ashbee and quotations from the books themselves The time line is WW II Who was the author He may have been Charles Reginald Dawes 1879 1964 who is supposed to have written but not published a text of this or a similar title His profession or his activities are not known he once called himself a writer but library catalogues credit him only with two publications The Marquis de Sade Paris 1927 and Retif de la Bretonne London 1946 privately printed He may have been a popular writer under pseudonyms though Dawes owned a good erotica collection which he willed to the British Museum Library that would explain why the author of this Study if he was Dawes could quote freely from erotic texts which only few of his contemporaries would have had available The main merits of this book are that the author was thoroughly familiar with English and French erotic literature and that he put his material in chronological order and in context The editor added a number of references illustrations and indices of personal names and titles to facilitate navigation

Laura Middleton. Her brother and her lover Laura Middleton,1890 *Laura Middleton; Her Brother and Her Lover* Anonymous,2015-02-06 A man s sexual trysts with his girlfriend her younger brother and the three of them together Laura Middleton; Her Brother and Her Lover Anonymous Author,2017-12-20 Laura Middleton her brother and her lover is a Victorian erotica novel It was first published in 1890 by an anonymous author Although it does not contain a vulgar language it contains graphic sexual descriptions and themes The book gained its fame though sheer story telling while short it is noted as one of the best written

Victorian era erotica novels *Laura Middleton; Her Brother and Her Lover (Annotated)* Independently

Published, 2020-04-04 This is the annotated version of the original book We had annotated this by adding handy summary of about 19000 approximate words which consists of 55% to 65% of the original book at the end of this book in red fonts The brief summary of the book is written as follows She had no hesitation in admitting that though she had so long resisted my entrance it had only been from the fear of the consequences and she had all along been as anxious as I was for the crowning pleasure from the first moment when she had viewed the potent charms of my pleasure giver and she had been as much disappointed and annoyed at the unsatisfactory manner in which our intercourse had hitherto been conducted and she even went on to say that whatever the consequences might be to her she has rejoiced I had had the courage to make her breakthrough the restraint she had imposed on herself She said that whatever might really have been the case everyone would at once say from the difference in our ages that she must have seduced me and that she would never be able to show her face again in society and that moreover she could not think of inflicting such a penalty on me as to saddle me for life with a wife older than myself when she had been as much to blame in the matter as I had I then told her that as to the first objection she might set her mind perfectly at ease for from what I had already seen of Sir Charles his instrument I knew was so much larger than anything that had found its way into her and he would find so much difficulty in getting it in for the first time that he would never suspect any intruder had been before him and that if as she easily might she insisted in the operation being performed in the dark I could supply her with a contrivance by which a little red liquid might be applied so as to produce the natural appearance of an effusion of blood I thought the best plan was to acknowledge that from our early intimacy and the kindness she had always shown me I did take a great interest in her and that it was perhaps only my being sensible that she could neither look up to nor respect one so much younger than herself that prevented this feeling from ripening into a warmer attachment but that I was old enough to be able to wish to promote her happiness even if I could not myself be the means of doing so and that from what I had seen of her feelings towards him I had always thought they might be happy together and consequently had wished him success He said that if she had any difficulty on this ground nothing could be easier than to obviate it for as far as he was concerned it would give him the greatest satisfaction to dispense with all formalities except necessary settlements which he would take care should not occupy much time and they might be quietly married at their own church in the neighbourhood without making any fuss about it that with the exception of his mother and sister he had no relations he cared anything about or whom he would wish to be present so that Laura could have everything her own way Laura Middleton F y Anonymous, 2014-10-11 Laura Middleton HER BROTHER AND HER LOVER The remarks which Emily had made regarding the share Laura Middleton had had in opening up her ideas on the subject of the mysteries in which she had now been fully initiated had not escaped my observation It so happened that at that very time I was under an engagement to pay a visit to the Middletons who were very distant relations of my mother It of course

occurred to me that it was possible I might be able to turn the information I had thus acquired to some account Laura and I were old friends She was about two years older than I a very handsome fine looking girl but as I had then fancied upon rather a larger scale than quite suited my taste We had always been on very good terms as children but she had a sort of haughty imperious air which joined to the difference in our ages had operated in a manner that would have prevented me from thinking of taking any liberties with her and she was about the last person in the world I should have been disposed to imagine addicted to the amusements in which Emily had participated with her When I again met her on arriving at their country seat I found that a considerable change had taken place in her person but probably this was merely the natural result that the preceding two years during which I had not seen her had worked upon a girl at her time of life by fully developing the proportions and fining down the parts of the figure which at an earlier period might have appeared too prominent I too had grown considerably during this period more so in proportion than she had and now her height by no means appeared to me to be too great and altogether I could not help acknowledging to myself that I had rarely seen a handsomer or finer looking woman She still retained somewhat of her haughty air though softened down and I could hardly fancy when looking at her that Emily s account of her behaviour in the hours when she gave herself up to enjoyment could be true I soon however became aware of circumstances that tended to corroborate the tale and which put me in the way of making advances to her which I hastened to do
