Economics Solved Papers **Common Sense Questions about Tests** Gerard Giordano, 2016-03-07 Parents had questions about the tests their children took at school They considered them to be common sense questions They posed them to the businesspeople publishers and politicians who championed tests They also posed them to the school administrators teachers and union leaders who criticized them This book examines the questions the parents posed the answers they elicited and the changes they prodded **How Political Correctness Weakens Schools** Jim Dueck, 2016-12-07 Education for this

generation's youth is the key for our nation's future well being but it is now threatened by political correctness A politically correct environment seeks to avoid controversial issues by maintaining the status quo on matters related to workers in the education system while avoiding the best interests of the stakeholders and it is for this reason that political correctness must be challenged on many issues in our school system so that our children have a better chance for learning well and then living well This book's focus is on using accountability to pressure the system toward implementing reforms necessary for winning It deals with educational policies which are controversial and also identified by others for being problematic rather than classroom practices The solutions or recommendations proposed are intended to ensure that policies align with the best interests of students parents and taxpayers rather than with those of the service providers **Early Warning Systems and**

Targeted Interventions for Student Success in Online Courses Glick, Danny, Cohen, Anat, Chang, Chi, 2020-06-26 Online learning has increasingly been viewed as a possible way to remove barriers associated with traditional face to face teaching such as overcrowded classrooms and shortage of certified teachers While online learning has been recognized as a possible approach to deliver more desirable learning outcomes close to half of online students drop out as a result of student related

course related and out of school related factors e g poor self regulation ineffective teacher student student student and platform student interactions low household income Many educators have expressed concern over students who unexpectedly begin to struggle and appear to fall off track without apparent reason A well implemented early warning system therefore can help educators identify students at risk of dropping out and assign and monitor interventions to keep them on track for graduation Despite the popularity of early warning systems research on their design and implementation is sparse Early Warning Systems and Targeted Interventions for Student Success in Online Courses is a cutting edge research publication that examines current theoretical frameworks research projects and empirical studies related to the design implementation and evaluation of early warning systems and targeted interventions and discusses their implications for policy and practice Moreover this book will review common challenges of early warning systems and dashboard design and will explore design principles and data visualization tools to make data more understandable and therefore more actionable Highlighting a range of topics such as curriculum design game based learning and learning support it is ideal for academicians policymakers administrators researchers education professionals instructional designers data analysts and students
