Representing Wine - Sensory Perceptions, Communication and Cultures Rosario Caballero, Ernesto Suárez-Toste, Carita Paradis, 2019-10-21 Wine culture is a complex phenomenon of increasing importance in modern society and it combines the joys of wine appreciation with the frustrations of trying to verbally communicate sensory impressions While wine appreciation is traditionally characterized as joyously convivial in its social dimension sensory impressions remain eminently private This contrast explains why the language used to represent wine or winespeak is the object of increasing crossdisciplinary interest This book analyzes the many different forms many of the different forms of representing wine in present day society with a special emphasis on winespeak starting from the premise that such study demands a genre approach to the many different communities involved in the wine world producers critics merchants consumers By combining the methodologies of Cognitive Linguistics and discourse analysis the authors analyze extensive real life corpora of wine reviews and multimodal artifacts labels advertisements documentaries to reflect on the many inherent difficulties but also to highlight the rich and creative figurative strategies employed to compensate for the absence of a proper wine jargon of a

more unambiguous nature **WineSpeak** Bernard Klem, 2009-07-01 If you read wine reviews you're already either amused or confused by the soaring language wine writers often use to describe what they're smelling and tasting. But do you always know what they mean? Have you ever sipped a complex white and sensed what's so colorfully described as a peacock's tail? Have you ever savored a full-bodied red only to detect the ripe, acrid smell of a horse stall? If not, you're in for a treat because these terms and thousands more are all here to amuse, dismay, enlighten, inspire, puzzle, and utterly shock you. Welcome to the rich linguistic universe of wine speak, a world where words and wine intersect in an uncontrolled riot of language guaranteed to keep you entertained for hours. The author, a lifelong lover of both wine and words, has compiled and organized this unique thesaurus of 36,975 wine tasting descriptors into 20 special collections extracted from 27 categories so you can locate exactly the right term or phrase to express yourself clearly or to understand others. May your path across the galaxy of wine be paved only with labels from the very best bottles on earth. Or much more cautiously with wines that could introduce you to angel pee, citronella, eastern European fruit soup, Godzilla, iodine, ladies' underwear, mustard gas, old running shoes, rawhide, hot tar roads, bubblegum, sweaty saddles, crushed ants, kitchen drains, or even turpentine. *Wine Enthusiast*, 2005 *Food & Wine*, 2008-07 **Beverage Media**, 2004-11 Quarterly Review of Wines, 2005 **Wines & Vines** H.
