Phipps, 2021-09-30 This book examines Meiji Japan 1868 1912 to demonstrate the complex interplay between Japanese nation building and the country's engagement with global processes Meiji Japan refers to an era 1868 1912 that as experienced from within had an undetermined duration and extent The length of the emperor's reign was not preordained and the country's territorial borders were not as well defined or wide reaching at the start of the period as at the close Questions about who was represented by and who identified with the emerging nation state remained in flux as Japan's modern political economic legal and sociocultural parameters were being created Basing their inquiries on the idea of Meiji Japan in global history the authors examine Japan's rise on the modern world stage focusing on the individuals whether government leaders intellectual elites indigenous communities or colonial migrants who both shaped and were shaped by this era of global connectivity Localized challenges and supranational opportunities meant people were in motion as territorial expansion redefined marginalized groups and as diverse populations moved to and from colonized and foreign lands This volume seeks to excavate how people back then positioned themselves in a specific time and place just as people in the twenty first century seek to give Meiji Japan meaning at the sesquicentennial commemoration of its start The chapters in this book were originally published in the journal Japan Forum     **Chinese Art in the Cincinnati Art Museum** Ellen B. recovered and assembled over fifty of Hartmann's critical writings from influential though often obscure turn of the century journals. These reviews and theoretical essays not only provide some of the earliest known criticism of important artists and photographers of the period but also make Hartmann's fundamental and uniquely American definition of modernism available to students of art and cultural history. A most useful adjunct to the text is a complete bibliography of Hartmann's writings on art as well as an annotated checklist of all the artists treated by Hartmann in this book.

Sadakichi Hartmann 1867-1944 half German half Japanese learned the American cast of mind and heart as a beloved young disciple of the aged Walt Whitman. Reflecting the poet's zealous vision, Hartmann's piercing commentaries on the art centers of Boston and New York offer unparalleled documentation of the years before and after 1900.
