La Situation Linguistique En France:

L'Embarras des langues - Origine, conception et évolution de la politique linguistique québécoise Jean-Claude Corbeil, 2007 un livre enthousiasmant et rare. Le c Depecker Revue Recherches sociographiques Université de Laval 1 heure 0 le Québec se pose de nombreuses questions sur la survie de la langue française. Jean-Claude Corbeil signe un essai de réflexion sur la linguistique québécoise. Les questions sont très judicieuses et les réponses analysent autant le passé que l'avenir du français sans jamais tomber dans le fanatisme québécois. Pour les amoureux **French Today** Carol Sanders, 1993-04-08 French Today is a profile of the French language in its social context. British and French linguists examine trends in French throughout the French speaking world and address issues around prescriptivism, gender and language and regional languages and dialects. The collection includes overviews of work done in particular areas and deeper analyses of sociolinguistic questions. One theme is how to represent and interpret data relating to language varieties that have been marginalised. Another concerns the ways in which French is adapting to the future, whether as a language of new technology or as a vehicular language on the continent. All chapters of this book are in English with examples and quotations in French and a mixture of references given in both languages. At the end of each chapter there are also texts in French serving as illustration and as pointers to further reading. **Manuel de linguistique française** Claudia Polzin-Haumann, Wolfgang Schweickard, 2015-10-16 The Manuel de linguistique française provides a concise critical overview of the historical foundations and the current situation of the French language and introduces its readers to the most important topics and questions of present day linguistic research on French. Compared with other reference works currently available on the market, this manual provides a lot of additional and updated information. *Revue de l'Enseignement Français Hors de France*, 1908 *Le français et les langues historiques de la France* Hervé Abalain, 2007 Le français et les langues historiques de la France se propose d'examiner dans une première partie la naissance puis l'évolution de la langue française ainsi que son implantation et sa place actuelles dans le monde afin de mieux saisir toutes les implications de son statut officiel de langue de la R. publique. La seconde partie sera consacrée aux langues historiques de la France: alsacien, almanique et francique, basque, breton, catalan, corse, flamand, francique, franco-provençal, occitan, langues d'oïl, bourguignon, champenois, franc-comtois, lorrain, gallo, normand, picard, poitevin, saintongeais, parlers du Morvan, wallon et créoles de base française qui sont aujourd'hui reconnues comme langues de France bien qu'elles aient longtemps été méprisées et combattues. La politique du Conseil de l'Europe et celle du Parlement européen leur sont favorables mais la France qui n'a toujours pas ratifié la Charte européenne des langues régionales ou minoritaires fait preuve de frilosité. Leur garde. L'analyse des multiples aspects de la situation linguistique actuelle de la France permettra au lecteur de se faire une idée précise de la richesse et de la valeur du patrimoine culturel du pays et le cas échéant de réviser certains a priori. *Publications de la Faculté des lettres de l'Université de Strasbourg*, 1929 **Histoire linguistique d'Alsace et de Lorraine ...** Paul Lévy, 1929 **La propagation du français**
