Eugene Ely John H. Zobel, 2023-10-15 The story of Eugene Ely's life is the stuff of myth and legend Much of what has been written about him relies on sensationalized newspaper accounts from an era when early twentieth century reporters unabashedly fabricated stories to increase newspaper circulation Those accounts portray Ely as a reckless daredevil and are essentially historical fiction Eugene Ely Pioneer of Navigation cuts through the sensationalism by relying on primary sources and photographic records and triangulating multiple sources to arrive at an honest portrait of the man and his legacy The result is the story of a quiet self-effacing Iowan who did extraordinary things Ely's measured approach and calculated demonstrations of the potential of military aviation ultimately pointed the way to today's modern aircraft carriers over a century later

portraiture and an increasing commitment to teaching which ultimately led him to establish the first institutions in America to combine instruction in both technical and aesthetic aspects of photography The book also incorporates new formal and scientific analysis of White s work and techniques a complete exhibition record and many unpublished illustrations of the moody outdoor scenes and quiet images of domestic life for which he was revered
