OVERVIEW

Journey of Man and Monster

Current depictions of Victor Frankenstein and his creation are often simplified into caricatures of the mad scientist and his monster. But the novel, originally titled *Frankenstein; or, The Modern Prometheus*, is far more complex. As the parallel stories of Victor and the monster unfold, distinctions blur between man and monster.

Victor Frankenstein

Victor Frankenstein grows up idealistic and passionate about science.

He enters university to achieve scientific greatness and becomes obsessed with creating life.

When he succeeds in animating the monster, Victor is overwhelmed and flees in disgust.

When he refuses to create a mate for the monster, Victor must watch as his loved ones are killed.
