certain amount of risk Risk might cause a loss to a company This does not mean however that businesses cannot take risks As
disengagement and risk aversion may result in missed business opportunities which will lead to slower growth and reduced
prosperity of a company In today s increasingly complex and diverse environment it is crucial to find the right balance
between risk aversion and risk taking To do this it is essential to understand the complex out of the whole range of economic
technical operational environmental and social risks associated with the company s activities However risk management is
about much more than merely avoiding or successfully deriving benefit from opportunities Risk management is the
identification assessment and prioritization of risks Lastly risk management helps a company to handle the risks associated
