Lindemann,2022-12-22 Our lives are full of small tensions our closest relationships full of struggle between woman and man artist and customer purist and commercialist professional and client and between the dominant and the submissive In **Dominatrix** Danielle Lindemann draws on extensive fieldwork and interviews with professional dominatrices in New York City and San Francisco to offer a sophisticated portrait of these unusual professionals their work and their clients Prior research on sex work has focused primarily on prostitutes and most studies of BDSM absorb pro domme client relationships without exploring what makes them unique Lindemann satisfies our curiosity about these paid encounters shining a light on one of the most secretive and least understood of personal relationships and unthreading a heretofore unexamined patch of our social tapestry Upending the idea that these erotic laborers engage in simple exchanges and revealing the therapeutic and analytic nature of their work Lindemann makes a major contribution to cultural studies anthropology and queer studies with her analysis of how gender power sexuality and hierarchy shape all of our social experiences     **Taboo** ,2004     *The Commerce of Peoples* Biman Basu,2012-03-15 Representations and coverage of S M have become quite common nowadays whether we see them in the fashion industry commercials the news on television film the internet and so on But in the population at large and in the academic community too it is still persistently stigmatized This marginalization along with its ambivalently persecuted status is a result significantly of a nineteenth century legacy This legacy begins with Kraftt Ebing s designation of sadomasochism along with gay and lesbian desire as a perversion and continues in the popular and expert mis understandings which prevail More generally most people today will recognize that all human relations are power relations Yet most people will also deny this and mask these power relations by invoking all sorts of things like romantic love sentimental attachment companionate marriage friendship peace non violence harmony and the list goes on ad nauseam Not that these do not exist in a sadomasochistic relation but sadomasochists are unflinching in their recognition that all of these are also permeated by power relations It is not only impossible to purge these relations of power but for sadomasochists it is also undesirable to do so It is not only more honest to acknowledge the power that saturates these relations but also more instructive in the sense that S M provides a context in which one learns to exercise power and to submit to it in a responsible way Even in scholarly critical and theoretical discussions of S M the prevailing opinion is that the power exercised in

sadomasochism is not real It is of course not real in the sense that slavery and violence no longer has a legal status But reality cannot of course be gauged or even approximated by its legal status alone For most practitioners it is hard to deny the reality of pain of humiliation of degradation in the moment of its enactment One can hardly deny the reality of bringing the whip down on someone s back or of having it sear across one s buttocks      **Play Piercing** Deborah Addington,2006 Play piercing the temporary insertion of sterile needles just under the surface of the skin is acknowledged by many kinky players as one of the surest routes to bliss and transcendence not to mention erotic excitement Here you ll learn the nuts and bolts of safe responsible play piercing with lots of information on anatomy safety and resources for play piercers And you ll enjoy plenty of steamy real life anecdotes of piercers piercees and the very special connection between them      *Victorian Murderesses* Mary S. Hartman,2014-06-18 Riveting combination of true crime and social history examines a dozen famous cases offering illuminating details of the accused women s backgrounds deeds and trials Vividly written meticulously researched Choice      New York Magazine ,1994-03-28 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea      **The Corporate Dominatrix** Lisa Robyn,2007-04-10 The Corporate Dominatrix exposes the workplace for what it truly is a social sadomasochistic wonderland one in which some people have power and some do not thus creating an unbalanced command and control dynamic Using the psychological tools of the professional dominatrix Lisa Robyn shows women how to role play their way to success by employing the tactics of six mistress archetypes Goddess Queen Amazon Governess Nurse and Schoolgirl For a dominatrix in everyday life the key to effectiveness lies in being switchable knowing when to be firm and direct and when to be flexible and accommodating The Corporate Dominatrix dominates without being domineering and is submissive without being subservient She stands up for her rights in an open and straightforward way and she is confident enough to intuit what her clients or colleagues want and she responds accordingly Robyn provides a compelling strategy for women to get their way at work by choosing the appropriate role to fit the particular situation while always behaving in a professional manner that earns respect Filled with examples and practical tips this provocative business book will help every businesswoman advance to the position she wants and truly become the mistress of her domain Power becomes you Use it wisely      **The Leather Daddy and the Femme** Carol Queen,2013-04-05 It s another night in San Francisco and Miranda aka Randy when she s not dressed like a boy has hit the streets looking for trouble She has an eye for gay men in leather and most nights she s too much of a girl for them But tonight she meets her match Jack who thinks she s hot no matter who she is This is San Francisco s notorious SOMA of the 1990s home to dark alleys tastefully appointed dungeons hotel penthouses clubs where gender dissolves and reshapes In this bygone sexual
