Parklawn Computer Center User 's Guide ,1987 **IBM z13s Technical Guide** Octavian Lascu,Barbara Sannerud,Cecilia A. De Leon,Edzard Hoogerbrug,Ewerson Palacio,Franco Pinto,Jin J. Yang,John P. Troy,Martin Soellig,IBM Redbooks,2016-11-10 Digital business has been driving the transformation of underlying information technology IT infrastructure to be more efficient secure adaptive and integrated IT must be able to handle the explosive growth of mobile clients and employees It also must be able to process enormous amounts of data to provide deep and real time insights to help achieve the greatest business impact This IBM Redbooks publication addresses the new IBM z Systems™ single frame the IBM z13s server IBM z Systems servers are the trusted enterprise platform for integrating data transactions and insight A data centric infrastructure must always be available with a 99 999% or better availability have flawless data integrity and be secured from misuse It needs to be an integrated infrastructure that can support new applications It also needs to have integrated capabilities that can provide new mobile capabilities with real time analytics delivered by a secure cloud infrastructure IBM z13s servers are designed with improved scalability performance security resiliency availability and virtualization The superscalar design allows z13s servers to deliver a record level of capacity over the prior single frame z Systems server In its maximum configuration the z13s server is powered by up to 20 client characterizable microprocessors cores running at 4 3 GHz This configuration can run more than 18 000 millions of instructions per second MIPS and up to 4 TB of client memory The IBM z13s Model N20 is estimated to provide up to 100% more total system capacity than the IBM zEnterprise BC12 Model H13 This book provides information about the IBM z13s server and its functions features and associated software support Greater detail is offered in areas relevant to technical planning It is intended for systems engineers consultants planners and anyone who wants to understand the IBM z Systems™ functions and plan for their usage It is not intended as an introduction to mainframes Readers are expected to be generally familiar with existing IBM z Systems technology and terminology **Unwarranted** Barry Friedman,2017-02-21 In June 2013 documents leaked by Edward Snowden sparked widespread debate about secret government surveillance of Americans Just over a year later the shooting of Michael Brown a black teenager in Ferguson Missouri set off protests and triggered concern about militarization and discriminatory policing In Unwarranted Barry Friedman argues that these two seemingly disparate events are connected and that the problem is not so much the policing agencies as it is the rest of us We allow these agencies to operate in secret and to decide how to police us rather than calling the shots ourselves The courts have let us down entirely Unwarranted is filled with stories of ordinary people whose lives were sundered by policing gone awry Driven by technology policing has changed dramatically from cops seeking out bad guys to mass surveillance of all of society backed by an increasingly militarized capability Friedman captures this new eerie environment in which CCTV location tracking and predictive policing has made us all suspects while proliferating SWAT teams and increased use of force puts everyone at risk Police play an

indispensable role in our society But left under regulated by us and unchecked by the courts our lives liberties and property are at peril Unwarranted is a vital timely intervention in debates about policing a call to take responsibility for governing those who govern us

Guide to Hydrological Practices: Hydrology World Meteorological Organization,2008 **Forest Systems** ,2013 **OECD Patent Statistics Manual** OECD,2009-02-05 This manual provides guiding principles for the use of patent data in the context of S T measurement and recommendations for the compilation and interpretation of patent indicators in this context **Space and Defense Policy** Damon Coletta,Frances T. Pilch,2009-10-16 This edited volume introduces the reader to the role of space in military and defense strategy and outlines some of the major foreign and domestic actors in the space arena as well as constraints of law and treaties on activities in space It also addresses science and technology as they relate to space policy The book addresses three main questions How does the realm of space fit into strategic thinking about national security How does policy regarding space develop and what considerations both in the United States and abroad figure prominently in calculations about space policy How do different states nations actors regard the role of space in their national security calculations and how do these policies impact each other This book fills a niche in the space policy field providing insights into space and strategy from international experts from the military academic and scientific communities A unique feature of the book is the chapter on science and technology which utilizes the latest information available concerning space utilization and exploration [Legal Instruments for Combating Racism on the Internet](#) Institut suisse de droit comparé,2009-01-01 Various national and international legal instruments punish hate speech However the specific nature of the Internet calls for the adoption of new strategies to combat hate speech promoting racism and violence which is widely and swiftly disseminated on the web As the Internet ignores territories and has no boundaries states cannot control it effectively by unilateral national regulation what is needed is increased international co operation Efforts to harmonise national legislation including the Additional Protocol to the Council of Europe Convention on Cybercrime have come up against a series of difficulties One of these is the fact that there is no universally accepted definition of the illegal nature of racist speech which can be protected by the right to freedom of expression This book describes the situation in 10 Council of Europe member and observer states and discusses the problems faced and solutions introduced by these countries as well as by European and international organisations and civil society *Guide to Hydrological Practices* World Meteorological Organization,1994 *Museum Diplomacy* Sarah E.K. Smith,Sascha Priewe,2023-09-05 Museum diplomacy has come to new prominence in the contemporary moment Museums have increasingly global agendas advancing diverse international partnerships across the world Moreover they hold the potential to advance cross cultural education and foster mutual understanding at a moment when we are beset by global challenges Acknowledging the troubled histories of these institutions and their contested status Museum Diplomacy How Cultural Institutions Shape Global Engagement recognizes the pivotal contributions of museums global work while also grappling with

the significant issues questions and possibilities that these activities raise The collection features examinations of museum diplomacy by fifteen leading scholars and museum practitioners These texts address global case studies that speak to museum practices related to objects collections and people and charting foundational concepts and ideas Taken as a whole the book provides contemporary examples grounded in historic context along with provocations and explorations of best practices providing points for reflection along with guidance for practitioners and scholars alike Through these wide ranging contributions Museum Diplomacy also contributes a new understanding of cultural diplomacy that recognizes the vital diplomatic work of curators museum administrators and other museum professionals as well as how these practitioners exert their own agency in ways that may or may not align with broader government and institutional agendas Ultimately Museum Diplomacy calls on the sector to rethink their perceptions of cultural diplomacy and embrace an expansive understanding of the diplomatic practitioner
