Football and Manliness Thomas P. Oates,2017-03-30 Women African Americans and gays have recently upended US culture with demands for inclusion and respect while economic changes have transformed work and daily life for millions of Americans The national obsession with the National Football League provides a window on this dynamic period of change reshaping ideas about manliness to respond to new urgencies on and beyond the gridiron Thomas P Oates uses feminist theory to break down the dynamic cultural politics shaping and shaped by today s NFL As he shows the league s wildly popular product provides an arena for media producers to work out and recalibrate the anxieties contradictions and challenges that characterize contemporary masculinity Oates draws from a range of pop culture narratives to map the complex set of theories about gender and race and to reveal a league and fan base in flux Though longing for a past dominated by white masculinity the mediated NFL also subtly aligns with a new economic reality that demands it cope with the shifting relations of gender race sexuality and class Indeed pro football crafts new meanings of each by its canny mobilization of historic ideological processes

Reboot! Phil Burgess,2011-08 Reboot to work retirement is a disease It s better to wear out than rust out That is the message of Reboot While American culture glamorizes the Golden Years of endless leisure and amusement Phil Burgess rejects retirement as he makes the case for returning to work in the post career years a time he calls later life Based on solid research from the social and medical sciences the author says It is better to die with your boots on fully engaged in helping others and repairing the world Reboot is partly autobiographical Indeed the author is working well into his own post career years following two failed retirements He is also convincing in his eye opening historically rooted and hope filled arguments for engaging in life long work that is productive and satisfying Reboot identifies five different types of work in kind volunteer Samaritan enrichment and paid work

Booters who incorporate one or more of these types of work into their post career lifestyle will according to Burgess live longer live better and die faster avoiding boredom aimless busy ness diminished self worth and the anguish and cost of lingering death With America s 78 million boomers turning 65 at the rate of 10 000 a day for the next 18 years Reboot provides a timely and provocative alternative to the conventional idea of retirement With the promises of Social Security and Medicare about to be broken Reboot provides an upbeat and constructive way to deal with new financial realities For men and women navigating life s transitions striving to finish well Reboot provides a roadmap for living a life of meaning challenging the reader to be a booter not a retiree Burgess boldly asserts that retirement is a deadly disease and that work after a life of work is the best option for post career years that are meaningful productive healthy and satisfying See www.BooterNation.com Excerpts On retirement Not all ideas are good ideas Some are bad ideas Retirement is one of those bad ideas it makes no sense Retirement is not natural It is not historic It is not healthy It is not for most people fulfilling For many retirement is a widow maker On the value of work The social engagement and satisfaction that come from working in later life are keys to successful aging There is much work to do in this world where we are but temporary inhabitants We should find it and do it at least for as long as we re able In many ways our life depends on it On work and money Work is not only about money Even if you don t need the money and your financial situation is stable and comfortable returning to work in your post career life is the smart thing to do at least until sidelined by frailty or disability It s smart because good health and satisfaction in later life are most likely to come from working On different types of work For most of us post career work will be tailored work work customized to reflect our needs our deepest desires and the highest and best use of our gifts especially time talent and treasure Work tailored to our gifts will be productive and satisfying
