Excerpt from U.S. Marines in Afghanistan 2010-2014 Anthology and Annotated Bibliography. This volume, second part of a series focusing on Marine Corps Actions in Afghanistan, presents a collection of 21 articles, interviews and speeches describing many aspects of the U.S. Marine Corps participation in Operation Enduring Freedom from 2010 to 2014. This work is intended to serve as a general overview and provisional reference to inform both Marines and the general public until the U.S. Marine Corps History Division completes monographs covering major Marine Corps operations during the campaign. The accompanying annotated bibliography provides a detailed look at selected sources that currently exist and should be sufficient until new scholarship and archival materials become available. This anthology is organized into six parts: one section for each year and a final section devoted to a broader overview of Marine participation in the Afghanistan conflict. This work is not meant to be an authoritative history but rather a selected record of Marine contributions to the Afghan war effort as captured by the media and other sources.
