## Report on college improvements

FORMAL  
SUB-HEADING

### Introduction

As a student of the college, the principal has asked me to compile a report on how the college can be improved. I have completed research and asked students a number of questions. These results will be analysed in this document.

FOOD

### Problems

Firstly, one huge concern from the students was the catering services. 88% of students stated that the food was unsatisfactory. The results also showed there was limited vegetarian options while the food was sometimes served cold. Although, the majority of students were happy with the customer service from the staff, 28% believed they needed more people on the counter.

STUDENT  
UNION

Secondly, the students feel there isn't anywhere they can go with their friends. Let me get straight to the point: the student union needs major refurbishment. The students find it increasingly dull and in desperate need of modernisation. Unsurprisingly, the union is very quiet at peak times in the college day.

PARKING

Thirdly, parking is causing major dissatisfaction from the students. Four out of five students have to pay £6 to park in a near-by hotel. There are some free parking spaces but these are all taken up by staff. The major consensus from the students is that this is unfair, demotivating and expensive.

SOLUTIONS  
FOR ALL  
THREE  
PROBLEMS

### Solutions

- The problem with the catering could be solved by an extra employee being on the counter at all times. In addition, more vegetarian meals should be brought in, whilst the food must be served at a certain temperature.
- The student union needs to be decorated as soon as possible and needs more activities in place for the students. This will improve popularity with students quickly.
- Finally, there needs to be more car spaces available for students on the campus. If this is not possible, then the college should make contact with the local council to arrange cheaper parking around the site as soon as possible.

CONCLUSION

### Conclusion

In summary, I have given my recommendations on how to improve the college. If these findings are acted on, I believe the college will increase its overall performance.

**Drafting and Assessing Poetry** Sue

Dymoke, 2003-01-28 This excellent book provides the reader with comprehensive coverage of all aspects of poetry teaching. The book does more than inform us; it inspires profound reflection on the best ways to support poetry writing and draws us into the debate about assessment-driven curriculum. School Librarian A must for trainee teachers and English departments. Booktrust News Drafting and Assessing Poetry is thoroughly researched and shows how attitudes towards teaching of poetry and indeed the place of poetry on the syllabus has changed with political fashion over the years but more importantly Sue Dymoke shows how a handful of contemporary poets go about drafting their work and sees this process as an essential tool in the classroom, advocating that students should keep drafting notebooks just like real writers. Getting students or indeed members of writing groups to understand that one draft of a poem may not be the final or best work they can produce will never be a problem again. Writing in Education Sue Dymoke's book is a much-needed antidote to the ubiquitous guides to poetry analysis. This book is well worth reading for its clarity and wealth of ideas. Bethan Marshall TES Teacher Magazine Every English department should buy this remarkably comprehensive book. Inspiring approaches for teaching children to write poetry are clearly described. Sue Dymoke draws upon her extensive experience as a poet, English teacher and researcher to explore the place of writing poetry in English lessons and examinations. Her unique insights into both the writing and teaching of poetry should prove invaluable to English teachers. Dr Mark Pike Lecturer in English Education and Head of PGCE English University of Leeds It is a useful book, a theoretical text but with a practical focus which makes it very readable and interesting to teachers of young people particularly but also to teachers of adults and indeed in parts to poetry writers themselves particularly those interested in working in schools or simply curious about the general process of drafting and evaluating poetry. County Lit Nottinghamshire County Council Literature Newsletter Drafting and Assessing Poetry offers a range of teaching strategies for developing students' poetry writing skills and guidance about assessment approaches. Critical commentaries combine with illustrations of successful classroom practice to consider this essential but under-explored aspect of English teaching. Based on theory but with a practical dimension, the book engages readers in current critical debates about poetry teaching and its place in an assessment-driven curriculum. This book is for reflective practitioners including trainee teachers who want to develop their understanding of poetry teaching and to gain insights which will inform classroom practice. It will also be useful for literacy coordinators, teacher educators and other advisory staff in the field of English teaching.
