Democracy at a Crossroads Gregory L. Samuels,Amy Samuels,2019-06-01 At a time of questionable civility in American politics democratic education appears to be at a crossroads As we consider how to best explore democracy and foster a more civically engaged populace in the current socio political context it is critical to examine what frames our educational systems policies and practices and shapes our civic identity While teachers struggle with decreased instructional time for social studies and the demands of standardized tests the social sciences are often pushed to the margins Reflecting on how to

negotiate local state national and global tensions related to policy and practice educators work to do what is best to equip students to foster democratic citizenship and ideals Social sciences educators are uniquely positioned to embrace a journey that upholds democratic ideals of equality freedom and justice while simultaneously critiquing inequity and injustice in schools and our society The contributors to this volume situate a variety of discussions within the context of the crossroads and explore how to negotiate translate and reconceptualize our own beliefs and positionings in ways that positively influence and empower students teachers teacher educators and education policy makers Studies are presented related to civic education cross cultural interpretations emotional citizenship international economics and race consciousness as well as those that discuss how to challenge dominant narratives and negotiate educational policies and practices *My Kids Can't Write, K-5* Paul Emerich France, 2025-03-04 Practical and sustainable writing practice in every classroom Teachers consistently grapple with how to make writing fun and engaging While long form writing has its value research shows that balancing genre based units with frequent on demand writing tasks to help children communicate effectively and reflect on their learning might be the key to success *My Kids Can't Write* provides sustainable and scalable practices for writing across all content areas and shows teachers how to develop structures and rituals for sustaining a journal based approach to instruction and assessment in classrooms Inside you'll find Scaffolds and strategies that systematically support students in strengthening their skills while simultaneously writing to learn Ways to embed foundational skills like spelling and grammar to help students become stronger communicators The purpose of cognitive writing and how to properly set up journaling within the classroom Numerous student journal samples and informative vignettes Now is the time to embed writing into all subjects and emphasize accurately interpreting information effectively communicating needs and making learning visible to students and educators alike **Catalog of Copyright Entries.
