Journey of the Future Enterprise Jorge Calvo, 2020-10-29 To survive in the new competitive digital economy of artificial intelligence and the Internet of Things companies will have to change their management models The company of linear incremental growth is becoming obsolete Moonshot leaders like Elon Musk or Jeff Bezos aspire to bringing about massive transformations These visionaries seek radical solutions to big problems through enabling technologies that are easily scalable and yield increasing returns with decreasing marginal costs that in many cases approach zero In his book Journey of the Future Enterprise Jorge Calvo explains what the disruptive change of the Fourth Industrial Revolution consists of what moonshot leadership is and what exponential organizations ExOs are and having set out the conceptual framework explains how to gear companies toward the new economy In short this resource packed book is written for those who want to be part of this change for those who are suffering the impact of this

radical transformation for those who feel lost as a result of the complexity and speed of the changes that are taking place and for those who want to better understand the drivers of the Fourth Industrial Revolution

Contract Law and the Legislature TT Arvind, Jenny Steele, 2020-08-06 This volume revisits some of the key debates about the nature and shape of contract law in light of the impact that statutes have had on its development With contributions from leading contract law scholars it fills a significant gap in existing theoretical and doctrinal analyses of contract law which rely primarily on cases to put forward accounts of the general principles and structure of contract law Statutory rules are typically seen as being specific instances of legal regulation that carve out exceptions to these general principles for specific reasons of policy This treatment of these rules has resulted in an incomplete understanding of the nature of contract law and the principles that underpin it By drawing specifically on contract statutes the volume produces a more complete picture of modern contract law A companion to the ground breaking Tort Law and the Legislature Common Law Statute and the Dynamics of Legal Change Hart Publishing 2012 this collection will have a significant impact on the study of contract law

Exploring Perspectives on Creativity Theory and Research in Education Daniel A. Tillman, 2024-04-16 Collectively the sixteen chapters in this book investigate the power of creativity in the classroom many through the specific lens of limited resources as an opportunity The chapters are divided into two sections eight chapters comprising Section I Theory and Research and then the eight chapters comprising Section II Additional Perspectives and Future Directions Within these two sections the more than two dozen authors that contributed to this book tackle a wide range of the possibilities for designing creative classroom based instruction wherein limited

resources are highlighted and valued rather than avoided or lamented The two main sections of this book are each preceded by a brief introductory summary highlighting those sections attributes and objectives with the intention of providing helpful structure to the reader but the book has also been designed such that each chapter stands independently and can be jumped to directly like a handbook In its totality this book exploring perspectives on creativity theory and research in education is designed to serve as a valuable resource for teachers teacher educators school administrators parents and education researchers along with anyone else that is interested in optimizing our opportunities for nurturing creativity within classrooms
