Humbach, 2000 The Second Amendment and Gun Control Kevin Yuill, Joe Street, 2017-09-14 The Second Amendment by far the most controversial amendment to the US Constitution will soon celebrate its 225th anniversary Yet despite the amount of ink spilled over this controversy the debate continues on into the 21st century Initially written with a view towards protecting the nascent nation from more powerful enemies and preventing the tyranny experienced during the final years of British rule the Second Amendment has since become central to discussions about the balance between security and freedom It features in election contests and informs cultural discussions about race and gender This book seeks to broaden the discussion It situates discussion about gun controls within contemporary debates about citizenship culture philosophy and foreign policy as well as in the more familiar terrain of politics and history It features experts on the Constitution as well as chapters discussing the symbolic importance of Annie Oakley the role of firearms in race and filmic representations of armed Hispanic girl gangs It asks about the morality of gun controls and of not imposing them The collection presents a balanced view between those who favour more gun controls and those who would prefer fewer of them It is infused with the belief that through honest and open debate the often bitter cultural divide on the Second Amendment can be overcome and real progress made It contains a diverse range of perspectives including uniquely a European perspective on this most American of issues *Books in Print Supplement*, 2002 The Book Buyer, 1886 *The United States Catalog* George Flavel Danforth, Marion Effie Potter, 1900 The United States Catalog Mary Burnham, Carol Hurd, 1928 **Herald of Gospel Liberty** Elias Smith, 1921 Armada Colin Martin, Geoffrey Parker, 2023-01-23 The definitive history of the Spanish Armada lavishly illustrated and fully revised Will surely become the definitive account Stephen Brumwell Wall Street Journal In July 1588 the Spanish Armada sailed from Corunna to conquer England Three weeks later an English fireship attack in the Channel and then a fierce naval battle foiled the planned invasion Many myths still surround these events The genius of Sir Francis Drake is exalted while Spain's efforts are belittled But what really happened during that fateful encounter Drawing on archives from around the world Colin Martin and Geoffrey Parker also deploy vital new evidence from Armada shipwrecks off the coasts of Ireland and Scotland Their gripping beautifully illustrated account provides a fresh understanding of how the rival fleets came into being how they looked sounded and smelled and what happened when they finally clashed Looking beyond the events of 1588 to the complex politics which made war between England and Spain inevitable and at the political

and dynastic aftermath Armada deconstructs the many legends to reveal why ultimately the bold Spanish mission failed
