Outsmart Your Instincts Adam Hansen,Ed Harrington,Beth Storz,2017-01-10 Evolution is killing innovation Just trust your gut is great advice when your instincts tell you to run from a lion in the jungle But when it comes to thinking innovatively about your business those same instincts can be your own worst enemy Cognitive biases the instinctual mental shortcuts we all have in our brains that shape how we see and respond to the world around us can also be the archnemeses of innovation innovative thinking New ideas appear too risky Data gets discounted if it doesn t match the hypothesis of the researcher And even like minded innovation enthusiasts can find that enacting disruptive change is tough when they all see things the same way It s time to let go and learn a new way to think Created by innovation experts *Outsmart Your Instincts* cleverly merges behavioral science with business savvy Using the trademarked Behavioral Innovation model the authors provide an in depth examination of eight unique biases Negativity Confirmation and Conformity among them that get in the way of creativity creative thinking and show us how we can overcome these barriers and break from the status quo With clever thought provoking activities accessible writing and easy to follow advice *Outsmart Your Instincts* shows us how and why we react to new ideas the way we do and then helps us rethink what we think Once we learn to outsmart our own instincts we can take on challenges as true innovators who rely on all of our brains powers not just our guts and be equipped to outsmart the competition

The Summer Between Eternities Tom Taylor,2018-07-24 At the end of a fateful and turbulent summer in 1987 four unique people meet at Dulles International Airport for what is to be an ill fated flight to London Colin Maudsley an Englishman hiding in America a fugitive from the law He never intended to fall in love with a remarkable woman like Laura Johnston Jennie Li a young missionary torn between her love for Mark Melville and her love for God Hieu Van Tran a Vietnamese refugee abandoned and betrayed haunted by rage hoping to find his estranged wife and resolution in Paris Bill Ross an American husband who has lost his love somewhere along the way They have lived struggled

and loved through an intense summer of their lives Now their paths cross and their fates become entwined None of them know the glass terminal doors may be for them the door to eternity From Virginia s Catawba Valley to high over the North Atlantic a tale of life love and the silent hand of God in good and evil **Zodiac Lovers** JJ Persis,2014 When she was just a child Mojdeh s life changed The daughter of a private bodyguard of the last king of Iran her five year old sense of the world couldn t comprehend what was happening Her father s ties to Mohammed Reza Shah meant that her entire family would be forced into exile Her new life in America inspired a love and loyalty she never imagined toward her homeland Growing up in a foreign country and culture Mojdeh did her best to fit in with society She never let go of her true heritage Instead she embraced it and allowed it to shape her After graduating from college Mojdeh began a new chapter in her life Leaving her parents and siblings behind in Texas she moved to California with the big dreams of finding both a writing career and the love of her life A true Gemini she used her positive attitude to overcome hurdles A lack of romantic insight translated into three unsuccessful attempts at love Each man was from a different walk of life but they shared one crucial quality they were Iranian In her mid thirties she came to an epiphany that allowed her to find her true love For Mojdeh life was finally complete but her happiness was not destined to last Forged in fire turmoil and disappointment her optimistic Gemini soul allowed her to discover the clarity and strength needed to find her true identity and be at peace Love Yourself First CAT,2011-03-21 This autobiography takes us through the joys and sorrows of someone s life In this book we can see how the lowest moments can built up into the highest moments We will get an open glimpse into the trek the author took She openly shares her private journey as she moves forward When she gets the diagnosis of a brain tumor her whole life changes Through her personal journey she shares her inner thoughts and questions The questions ultimately take us into the core of her soul Through her difficulties she learns a very valuable lesson This takes us to the reason the book was written CAT wants you to see how important it is to love oneself first *Parenting with Gumption and Grit* Judy McCarver,2019-05-14 No one wants to fall out of relationship with their kids It s easier when they are little to stay engaged with them because they require so much physical presence On the other hand as they get older and become more self sufficient being in relationship with our children can be a slippery slope IF we haven t been laying the groundwork and investing in our littles in the years prior we will pay the price when they become big This book teaches us lovingly and gently how to invest in our kids at every stage of their life from 0 to young adult But not only that when you read tips like Do the Next Right Thing we are reminded that it is never too late There are all kinds of voices around us and inside of us quick to feed us lies about what is possible and what is not when it comes to growing or reconciling relationships This book is practical truthful and hopeful
