masterpiece of clarity concerning the next great entrepreneurial wave and my only problem with it was the charley horse in my elbow I got turning the pages Robin Richards founding President MP3 com and CEO Notification Technologies Inc Silver is a modern day Prometheus For community entrepreneurs Smart Start Ups contains the secrets of fire from the heavens If you work with communities of any kind you ignore this book at your own peril John Szeder former senior game developer Digital Chocolate Inc and CEO Mofactor Inc Silver dives in and pulls the naked truth out of the world of online communities There s nothing like it on the shelves He speaks with the best and brightest in the mobile and online community markets Sean Malatesta founder Yack Media Services and Vice President Indiagames Inc Smart Start Ups is a must read for any aspiring Internet entrepreneur Silver cuts right to the heart of the important fact that communities are like entire nations but without geographic borders and they re creating the greatest transformation since the Industrial Revolution Clarence Briggs founder and CEO AIT com Silver s book is an excellent captivating ingenious and essential read for anyone who wants to know how to create wealth by starting an online community One mark of a great book is that it makes you see things in a new way Silver certainly succeeds in that respect Kyle E Gillman founder and CEO Forgefinder Inc Human-Computer Interaction Symposium Fabio Paternò,Annelise Mark Pejtersen,2008-07-17 The IFIP World Computer Congress WCC is one of the most important conferences in the area of computer science and a number of related Human and Social Science disciplines at the worldwide level and it has a federated structure which takes into account the rapidly growing and expanding interests in this area Human Computer Interaction is now a mature and still dynamically evolving part of this area which is represented in IFIP by the Technical Committee 13 on HCI We are convinced that in this edition of WCC which takes place for the first time in Italy it will be interesting and useful to have a Symposium on Human Computer Interaction in order to present and discuss a number of contributions in this field There has been increasing awareness among designers of interactive systems of the importance of designing for usability but we are still far from having products that are really usable and usability can mean different things depending on the application domain We are all aware that too many users of current technology feel often frustrated because computer systems are not compatible with their abilities and needs with existing work practices As designers of tomorrow technology we have the responsibility of creating computer artefacts that would permit better user experience with the various computing devices so that users may enjoy more satisfying experiences with information and communications technologies Video Games Around the World Mark J. P. Wolf,2015-05-01 Thirty nine essays explore the vast diversity of video game history and culture across all the world s continents Video games have become a global industry and their history spans dozens of national industries where foreign imports compete with domestic productions legitimate industry contends with piracy and national identity faces the global marketplace This volume describes video game history and culture across every continent with essays covering areas as disparate and far flung as Argentina and Thailand Hungary and Indonesia Iran and Ireland Most of the essays are written by natives of the countries

they discuss many of them game designers and founders of game companies offering distinctively firsthand perspectives Some of these national histories appear for the first time in English and some for the first time in any language Readers will learn for example about the rapid growth of mobile games in Africa how a meat packing company held the rights to import the Atari VCS 2600 into Mexico and how the Indonesian MMORPG Nusantara Online reflects that country s cultural history and folklore Every country or region s unique conditions provide the context that shapes its national industry for example the long history of computer science in the United Kingdom and Scandinavia the problems of piracy in China the PC Bangs of South Korea or the Dutch industry s emphasis on serious games As these essays demonstrate local innovation and diversification thrive alongside productions and corporations with global aspirations Africa Arab World Argentina Australia Austria Brazil Canada China Colombia Czech Republic Finland France Germany Hong Kong Hungary India Indonesia Iran Ireland Italy Japan Mexico The Netherlands New Zealand Peru Poland Portugal Russia Scandinavia Singapore South Korea Spain Switzerland Thailand Turkey United Kingdom United States of America Uruguay Venezuela
