Trottenberg,2006-11-15 The Software Encyclopedia ,1997 *Visualization and Optimization* Christopher V. Jones,2013-04-17 This book arose out of an invited feature article on visualization and optimization that appeared in the ORSA Journal on Computing in 1994 That article briefly surveyed the current state of the art in visualization as it applied to optimization In writing the feature article it became clear that there was much more to say Apparently others agreed and thus this book was born The book is targeted primarily towards the optimization community rather than the visualization community Although both optimization and visualization both seek to help people understand complex problems practitioners in one field are generally unaware of work in the other field Given the common goals of the respective fields it seemed fruitful to consider how each can contribute to the other One might argue that this book should not be focused specifically on optimization but on decision making in general Perhaps but it seems that there is sufficient material to create a book targeted specifically to optimization Certainly many of the ideas presented in the book are applicable to other areas including computer simulation decision theory and stochastic modeling Another book could discuss the use of visualization in these areas InfoWorld ,1983-10-10 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects **InfoWorld** ,1983-09-05 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects InfoWorld ,1983-09-12 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects InfoWorld ,1983-10-17 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects Library of Congress Catalogs Library of Congress,1976 InfoWorld ,1983-10-24 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects *InfoWorld* ,1983-09-26 InfoWorld is targeted to Senior IT professionals Content is segmented into Channels and Topic Centers InfoWorld also celebrates people companies and projects *Catalog of Copyright Entries.
