 APPROACH 9E International Edition remains on the Aufmann Interactive Method AIM Students are encouraged to be active
 participants in the classroom and in their own studies as they work through the How To examples and the paired Examples
 and You Try It problems Student engagement is crucial to success Presenting students with worked examples and then
 providing them with the opportunity to immediately solve similar problems helps them build their confidence and eventually
 master the concepts Simplicity is key in the organization of this edition as in all other editions All lessons exercise sets tests
 and supplements are organized around a carefully constructed hierarchy of objectives Each exercise mirrors a preceding
 objective which helps to reinforce key concepts and promote skill building This clear objective based approach allows
 students to organize their thoughts around the content and supports instructors as they work to design syllabi lesson plans
 and other administrative documents New features like Focus on Success Apply the Concept and Concept Check add an
 increased emphasis on study skills and conceptual understanding to strengthen the foundation of student success The Ninth
 Edition also features a new design enhancing the Aufmann Interactive Method and making the pages easier for both students
 and instructors to follow *Jerome E. Kaufmann's Intermediate Algebra, Fifth Edition* Kay Haralson, 1996
